## More Reasons to Choose DLSSM

### 1. We are an International Multi-Denominational Bible College.

What that means for our students is that our courses and programs are not designed around a particular denomination. This in itself, allows the student to examine the course studies from various view points and applications within the foundational Biblical Christian theology. In practicality, the learned student can then apply our "well-rounded" courses and programs to develop their spiritual knowledge about God and His Son, Jesus Christ and/or apply the education gained in various ministerial and/or work related fields.

### 2. We want you to succeed and will do everything we can to provide you an enjoyable, satisfying educational experience

We are here for the student all the way through their educational /spiritual learning process. There is no type of question or assistance that is too big or too small. This provides the student with one-on-one time with a DLSSM academic staff member where the student receives the insight and direction to develop problem solving skills through our extended hours of operation.

### 3. Non-time lined program/course completion deadlines

Our academic structure is developed around our student's availability. Students choose when and where they study, when they want to take their exams and what method; online, email, fax or mail.

Some of the benefits of non-time lined program/course completions are;

- reduction of stress directly related to removal of program/course deadlines
- relaxed and enjoyable learning experience
- higher retention and application of knowledge gained
- greater sense of accomplishment

### 4. Tuition payment benefits of non-time lined program/course completions

Also designed within our academic structure is our student's financial well being. Students choose when they are ready to begin their next course within their program signifying when their next payment is due.

One of the benefits is;

- no financial stress about making a tuition payment when the student is not financially ready

## **5. Utilization of textbooks versus online books**

Textbooks have an integral part within the studying process and is why we have implemented the use of hand held books as opposed to books online. Our students can take their study books with them, write in them and utilize them to their fullest without the need of an internet connection or device to read their contents. Although, students may choose to utilize the internet and devices to take their exams, we believe the benefits of using textbooks outweigh the benefits of online books.

- all textbooks are included in tuition and shipped to our students (some tuition plans charge shipping while others offer free shipping)

## **6. Implementation of Note Research**

We recognize the importance of “digging deep” into the topics of study and is why note research is a required element with all of our degree programs. Our students will choose from several topics presented within each exam and prepare their research within a structured format.

### **Some of the benefits of note research are;**

- learning and/or further developing communication skills through writing
- develop a thought process to prepare and present Christian beliefs and teachings individually and/or in a church setting
- these developed communication skills can also be utilized in other areas of life

## **7. Implementation of Thesis or Dissertation of all Degree Programs**

The investigative process of preparing and presenting a thesis is fundamental in the development and/or enhancing communication skills. First and foremost in presentational writing, secondly in preparation to communicate verbally. This is why all degree programs have the required element of a thesis and a dissertation with the Doctorate and PHD Programs

## **8. King James Bible**

Although, there are many different translations of Bibles, we have endorsed the King James Bible as the official Bible of DLSSM. All studies, note research, exams, thesis and/or dissertations have a required element of using the King James Bible.

- King James Bible is included in tuition and shipped to our students

## Position Statements

### Doctrinal

Our Doctrinal beliefs adheres and affirms our faith as a Christian College as it outlines our clear commitment to God through His Son Jesus Christ who is our inspiration, identity and our educational mission.

### Salvation

We affirm that there is only one salvation which is offered to everyone through Jesus Christ; the risen Lord, Messiah and Son of God. Due to His willful sacrifice, those who believe in Him are redeemed and will have everlasting life. In addition, this requirement of accepting Jesus Christ as their personal Lord and Savior causes the beginning of the renewal of the inner man resulting in transformation of the individual.

#### John 3:16,17

*For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. For God sent not His Son into the world to condemn the world; but that the world through Him might be saved*

### Integrating Faith

We are committed to integrating our Christian non-denominational beliefs throughout our curriculum, faculty and to prepare our students for spiritual development and/or careers that honors God while serving others.

It is through our Christian value/morals-oriented learning that our graduates become prepared to lead by serving others. In addition, our goal is to equip each student/graduate with the Christian understanding and application regarding the following;

\* Ethical decision making \*Academic discipline \*Spiritual development \*Vocation

### Ethical

Our commitments come directly from the Bible as the true, infallible and authoritative Word of God. The Bible serves as our foundational standard in all matters.

We are committed to affirming and perpetuating the following ethical standards;

- God's Attributes: love, mercy and assistance
- Non judgmental: thoughts, behaviors and actions
- Unity: Godly, peaceful clarifications and applications without discrimination

## **Position Statements** continued

### **Existence**

We uphold that God intelligently and purposefully created the entire universe in ways that reflect His love and goodness for all of His creation.

### **Human Life**

We affirm the God-given sanctity of human life from the moment of conception until the point of physical death.

### **Holy Bible**

We affirm that although the Holy Bible has been passed down through the antiquities of oral traditions into various written translations, it is nevertheless the inspired word of God. All matters pertaining to physical and spiritual life are found within these sacred texts, and are a foundational element that goes along with a personal relationship with God through His Son, Jesus Christ.

## **Prayer Support - Public Prayer Message Line**

Prayer is embedded within our college structure and at the very heart of God. This is why we encourage everyone to pursue times of prayer everyday. One of the things we have learned is that there is no prayer request too big or too small for the ears of God and is why DLSSM has established a Prayer Request Message Line for the public.

- you can leave as much information as you want pertaining to your prayer request(s)
- you can leave multiple prayer requests per message
- you can leave prayer requests as often as you like
- all prayer requests are placed on our daily Prayer Table where our staff and prayer team will continue to pray daily for all requests for 1 month

## **Privacy Policy - Public**

### **All Departmental Forms of Communication**

We are committed to keeping your private information safe. Our guarantee is that DLSSM will not share, rent, release or disclose any of your information, in part and/or in full. However, if you become a student your information will be appropriately shared within DL School of Ministry - DLSSM & Gift-Ed departments to provide you a satisfying educational experience.

## Accreditation

DL School of Ministry is accredited with American Evangelical Accrediting Association. What that means for our students is that we choose to accept transferring credits into DLISM, in full and/or in part. However, all other colleges, etc., can at their discretion choose to accept or not accept transferring credits which may include credits from DL School of Ministry - DLISM.

In addition, certain college's and universities, etc., have a requirement of receiving transferring credits only from a college or other, that maintains USDE and CHEA accreditation. At this time, we have no plans to pursue regional accreditation through the U.S Department of Education (USDE) or the Council for Higher Education Accreditation (CHEA) for specific reasons of:

1. continue to ensure theological and philosophical consistencies within our Biblical academic structure
2. maintain doctrinal autonomy
3. keep tuition expenses low

If DLISM chooses to pursue USDE and CHEA accreditation in the future this information will be posted appropriately.

## Life Experiences into Credits

Life experiences are not only important but do count. After all, you are the one who experienced them. That's why all life experiences related to helping others and/or ministry, in or outside the church structure, will be reviewed with potential of it being applied, in part and/or in full, towards entrance requirements towards any one of our Degree Programs that you want to enroll in now or in the future.

When filling out the student enrollment form, be sure to include the experiences you want reviewed for credit consideration.

## Undergraduate & Graduate Programs

Our curriculum standards for our undergraduate and graduate programs are designed within the standard structures of academia, thus allowing the student optimum educational gains within their chosen field.

Our degree structure is as follows;

Undergraduate - Associate and Bachelors

Graduate - Masters and Doctorate

Although, the Masters is designed as a 2 year course and the Doctorate as a 1 year course, our students choose when they want to graduate, whether earlier or years later due to our non-time lined completion policy.

## Student Services

Being available for our students is a foundational element within the structure of this school. Whether it's encouragement through prayer support, academic support and/or assisting through our tuition hardship payment program, we are here for every student throughout their spiritual/academic journey.

3. **Tuition Hardship Payment Program:** Although, we offer low-cost tuition, we recognize there are times in a student's life when they need additional assistance with tuition payments. The student will be notified within 15 to 30 business days if they are accepted within this specific program.
