

CACAGNY heartily congratulates President Phil Wong, the next New York City City Councilmember representing District 30

Phil has been a stalwart defender of merit, education, and equal rights, whether for schools in CEC 24, NYC's Specialized High Schools, or Harvard. As a defender of safe streets, Phil has fought against attacks on law-abiding people in streets, subways and stores, against the Rikers Island Jail closure, against community jails, against homeless shelters, and much more. As a member of the Chinese American community, Phil fights for all New Yorkers.

Phil takes over from our long-time friend Councilmember Robert Holden, to whom we offer deep thanks for his support on all our issues.

CACAGNY does not endorse political candidates, but many of our members have given tremendous personal support to Phil. CACAGNY encourages our members to remain engaged throughout the City as we face difficult times ahead.

Congratulations to our Phil Wong!
