

# CREEK

SOD FARMS INC

## Capability Statement

**Creek Sod Farms, Inc** is a full-service sod installation business for all types of properties and landscapes. For 30 years, our family-owned & operated business has provided clients with the best in sod and grass seed. We provide sod for lawns, commercial building peripherals, seeding for new development subdivision, retention ponds and more. Stephanie has the expertise necessary to make sure you get the best-quality sod available when you need it. Creek Sod can create a gorgeous green lawn wherever you'd like. Your property will instantly have more curb appeal. You replace your carpet, why not your lawn, too? Consult with us about your existing lawn and the steps required to replace it. We'll give you all the answers you need, complete with FREE estimates. Your satisfaction is guaranteed!
