 **LEDGE™**
LOUNGER
IN WATER. IN STYLE.

IN-WATER FURNITURE AND ACCESSORIES.

Don't waste a gorgeous view with anything other than our in-water furniture and accessories. At Ledge Lounger™, our products are specially created to be in the water and under the sun. Made with strong, long-lasting UV-resistant material, our in-water furniture is designed to work perfectly within the depth of your tanning ledge or Baja shelf, and our accessories are equally durable to withstand the harsh pool environment. With a sleek, contemporary design and contouring for comfort and support, our products are the perfect complement to your poolscape. There's no better way for you to enjoy the sun in water, in style than with our Ledge Lounger products.

CHAISE

Our Chaise provides a contoured, comfortable place to relax on your tanning ledge or Baja shelf. Made from durable and color-stabilized material, this elegant lounge delivers sleek style in a weather-resistant form, and it's easy to set up. Simply submerge it into your pool to let it fill with water and pull it onto the ledge — two quick steps for an indulgent sunbathing experience. Top it off with our Headrest Pillow, and make a day at the pool something to celebrate.

DESIGNED FOR UP TO 9 INCHES OF WATER

See page 20 for product specifications.

FEATURES FOR CHAISE & CHAISE DEEP

Perfect for residential or commercial use

Safe for vinyl pools

Easy to use, clean and store

Crafted from ultra-strong polyethylene

Contoured to support the body

Effortless repositioning

Resistant to harsh chemicals and weather

Color-stabilized for up to 8,000 hours of direct overhead sunlight (UV8 Rating)

Available in 13 colors

CHAISE DEEP

As stylish as the original Chaise, the Chaise Deep is designed for deeper ledges or even your deck if you'd rather stay dry. Made from the same durable and color-stabilized material as the Chaise, this supreme lounge delivers sleek style in a weather-resistant form. As easy to set up as the Chaise, all you have to do is simply submerge it into your pool to let it fill with water and pull it onto the ledge. All you need now is a Headrest Pillow, so you can sit back and relax under the sun.

DESIGNED FOR UP TO 15 INCHES OF WATER

ALSO WORKS GREAT ON THE DECK

See page 21 for product specifications.

CHAIR

Whether you want to recline on your pool's ledge, deck or even the beach, you can sit up and take in the view with our high-backed Chair. Made with the same high quality materials and contemporary design as our other furniture products — and contoured for comfort and lumbar support — our Chair upgrades the poolside experience with more ways to soak up the rays. Simply submerge it in your pool, let it fill with water and pull it onto the ledge. Add on our Headrest Pillow, and you'll have an even more comfortable sunbathing experience.

DESIGNED FOR UP TO 9 INCHES OF WATER

ALSO WORKS GREAT ON THE DECK

See page 22 for product specifications.

FEATURES FOR CHAIR & TABLE

Perfect for residential or commercial use

Crafted from ultra-strong polyethylene

Color-stabilized for up to 8,000 hours of direct overhead sunlight (UV8 Rating)

Resistant to harsh chemicals and weather

Safe for vinyl pools

Available in 13 colors

Easy to use, clean and store

Effortless repositioning

TABLE

Convenient for a book or beverage, our Table is the perfect addition to any poolscape. Made from durable and color-stabilized material, it has an umbrella pole holder that will hold up to a 2-inch pole. On top of its stylish, hour-glass shape, the Table is quick and easy to set up. Simply submerge it in your pool to fill it with water and pull it onto the ledge. Once in place, the Table will stay put, just like you when you lounge with this in-water accessory at your side.

DESIGNED FOR UP TO 10 INCHES OF WATER

ISLAND

Originally designed exclusively for a luxury hotel, our Island creates a unique space for groups to enjoy the shallows together. Made from long-lasting and color-stabilized material, the Island features a modular cushion so you can add our Umbrella and/or Table. This pie-shaped top cushion, made from marine-grade Sunbrella fabric, makes storage and cleaning simple. Our Island Pillow Package includes two 7-inch by 19-inch bolster pillows, two 18-inch square pillows and one 22-inch square pillow. *(See page 13 for more details).* Once the Island is fully set up, it will stay put so you and your guests can mix and mingle as long as you want.

DESIGNED FOR UP TO 12 INCHES OF WATER

ALSO WORKS GREAT ON THE DECK

See page 24 for product specifications.

UMBRELLA

Our Choice and Select Series Umbrellas are made from the best outdoor materials available for in-water use. Featuring flexible fiberglass ribs with molded nylon joints, hubs and end tips, they are durable against high winds. The aluminum one-piece, no-tilt pole is the best choice for in-water use and rust resistance. Umbrellas in each series are available in a variety of sizes and shapes and offered in more than 30 marine-grade fabrics. These in-pool umbrellas are the quintessential piece for shade. For seamless use with the Table or Island's two-inch umbrella holder, choose from the Select Series.

See page 14 for Umbrella fabric options.

FEATURES FOR UMBRELLA

Weight Empty: 120lbs.

Weight Full: 1,142lbs.

USE & CARE GUIDE: PAGES 26–27

In-pool furniture is subjected to many different conditions including water chemicals, sunlight, wind, rain, etc. Regular maintenance is recommended if you want to keep your Ledge Lounger products in tip-top shape. If you have any additional questions please contact us at info@ledgeloungers.com

USE & CARE GUIDE

POLYETHYLENE PRODUCTS

Below are some tips about placement and care. After the furniture is positioned just right, don't forget to send us a picture. If you have any questions, feel free to contact us: info@ledgeloungers.com.

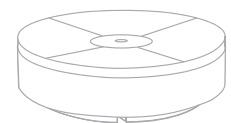

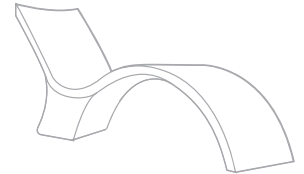

- 1** Submerge your Ledge Lounger product in the pool and fill it completely with water. Try to remove all the air bubbles.
- 2** Once your product is filled with water, pull it back onto the ledge in the desired position.

PLACEMENT

If permanent positioning is desired, plug your Ledge Lounger product with the provided plugs after submerging, then pull it onto the ledge in the preferred position. If you're placing the product in deeper water than recommended, fill it completely with sand, plug the holes and then place it in the desired position. Plastic plugs come with your product. If they are missing or lost, please email us at info@ledgeloungers.com with your desired quantity and shipping address, and we will send them to you immediately.

CARE

To maintain the beauty of your Ledge Lounger product, apply Armor-All™ with a soft cloth. To remove waterline scale, clean with CLR or an appropriate chemical remover recommended by your local chemical supplier. If you do not get the desired results, please contact us at info@ledgeloungers.com.

USE & CARE GUIDE

FABRIC

We only use the best fabrics at Ledge Lounger to assure you have the longest lasting Pillow, Umbrella or Island Pillows Package possible. This is why we chose Sunbrella marine fabrics. For general or spot cleaning, see the Sunbrella guidelines below. For more details on deep cleaning, visit sunbrella.com, click "How To," then click "Care and Cleaning" and read under "Marine."

GENERAL OR LIGHT CLEANING

Brush off any loose dirt.

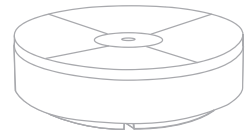

Prepare a cleaning solution of 1/4 cup mild soap, such as Woolite or Dawn dishwashing liquid, per gallon of lukewarm water.

Use a sponge or a soft bristle brush to clean.

Allow cleaning solution to soak into fabric.

Rinse thoroughly to remove all soap residue.

Allow fabric to air dry.

SPOT CLEANING

Apply a light mist of mild soap and water using a spray bottle.

Work the solution into the stain by lightly scrubbing the area with a sponge or very soft bristle brush.

Rinse thoroughly to remove all soap residue.

Blot excess moisture with a clean, soft towel or sponge.

Wet-vacuum or blot excess water.

Air dry. Repeat steps 3 and 4 until all soap residue is removed.

POWDER COATED ALUMINUM

Prepare a bucket of soapy water by adding a few drops of mild liquid detergent to warm water. Don't add additional chemicals or cleaning products to the soapy water.

Use lint-free rags to wash the surface of your powder coated pole. Dip the rag in soapy water, and wring out excess. Gently wipe the pole's surface. Rinse the pole with cold water.

For built-up residue on a powder coated pole, you may need to repeat the steps above, and use a soft sponge to gently scrub away dirt.
