DF870c Automatic Tabletop Folder

The DF870c Automatic Folder is the perfect complement to FP's existing line of tabletop folders. Utilizing durable and patented feed system, the DF870c offers fully automated setups, making it easier and faster to process jobs without any manual adjustments required.

The DF870c precisely folds documents such as brochures, menus, letters, and invoices at up to 241 letter-size sheets per minute. Users can select from six of the preprogrammed folds for touch-and-go folding or customize their own for non-standard folds. Cross folding for right-angle folds is also possible. The DF870c has five popular sheet sizes (letter, legal, ledger, 1/2 letter, and 1/2 legal)

preprogrammed for quick setup and user convenience. Fold position adjustments are easily done via the control panel. Once the paper size and fold type are entered, the ejection roller automatically moves into position.

With a patented friction feed system and adjustable paper and feed separator pressure controls, a wide range of paper stock up to 157 gsm can be fed with increased accuracy and consistency. Non-stop productivity is also ensured with an ascending/descending counter and 500-sheet feed tray capacity. Ideal for any office, church or school, the DF870c brings easy and reliable folding to your fingertips.

Special Features

- Automatic setting of fold plates and stacker roller
- Six preprogrammed popular folds
- Cross folding for right-angle folds
- Folds up to 241 sheets per minute (Letter Size)
- Ascending and descending counters
- Custom folding
- Electronic fold plate adjustment
- Test button, feeds two sheets for inspection
