

Meat Share

A 5 Share allotment of Beef, Pork, Chicken & Lamb

What is a CSA? CSA stands for Community Supported Agriculture. For many years, local farms have utilized CSA's to encourage consumers to seek goods from local farmers rather than commercially grown items. CSA's are a great way to provide a monthly amount of locally grown, farm-raised products to your home.

With a monthly Meat CSA from our Farm, you will be receiving all of the Protein Packed goods grown at our farm, with your choice of protein sources, and at your convenience for pick up. Each share will feature an item that is meant to push your culinary skills (and taste buds) but always allowing for some of your preferred items. If you enroll in both our Vegetable and Meat CSA your entire grocery needs will be complete with our vegetables enhancing your meat share!

Our Meat share packages will contain assorted items from each of the following categories:

Beef	Pork	Chicken	Lamb
Ground Beef	Ground Pork	Chicken Sausage	Ground Lamb
