ABOUT CAROL WATERS & SPEEDIN FOR CASH

WATERS AND SPEEDIN FOR CASH took third in the qualifying round and won the championship round to win the Futurity Championship at the Hawki Futurity.

SPEEDIN FOR CASH...I raised her. I had a paint mare that had a gate issue and my sister had bought Got Caught Speedin, so I decided to breed her. She has great breeding on both sides. The stallion Got Caught Speedin is a really nice barrel horse who is by Dash ta Fame. On the bottom side her mother, Cash Sign was off the track and is a granddaughter of Texas Hero, 3-time World Champion running horse.

I sent her off for 30 days as a 2 year old and then I did the rest of her training. She really is a sweet mare; she really has no issues and gets along with other horses. She's an awesome horse because she is really broke and loves her job. She was a natural and very easy to train but I took my time and did not rush her, so she has not had any step backs. She made a great barrel horse because she has the ability to adapt to different arenas and ground conditions.

THERAPIES... I have a Back On Track blanket and hood so if I feel she needs it I will put it on, especially after a run or long haul. I use an Ed and Martha Wright short shank lifter bit with a snaffle mouth piece.

Now that she is running and winning, I mostly trail ride and pasture ride her. I have a 50 acre pasture, so she is turned out all day and then I ride most every day. Not overworking her on the barrels keeps her craving for it when I enter up. She is also a pretty good pole horse, so I will work them for something different. I have a lot of trees so I will weave through them and turn them instead of working the pattern.

I have the Paint World show in November and JB Quarter Horse futurity; In December the BFA and then a rest.

"I want to thank my husband who stays home most of the time and takes care of the rest of the animals."

HAWKI FUTURITY BREEDERS INCENTIVE CHAMPION ASHLEY SCHAFFER & FAMED FRENCH KISS

ASHLEY SCHAFFER...

We had a great weekend at the Hawki Futurity! Renae Bolling and her crew always put on such great races. Their prizes and hospitality are top-of-the-line! Famed French Kiss was very solid all weekend. She won the first round and came back to win second in the short round, making her the fastest time in the average for the HFBI.

FAMED FRENCH KISS is full of personality! She is constantly making noises with her mouth. She has always done it and it's pretty entertaining to watch. Sissy is very intuitive; she lets it be known how she feels about each situation. I have always used the three-piece short shank Merrill bit on her. It is the same bit that her full brother Freckles Ta Fame has ran in since his Futurity year. I typically ride her in the junior cow horse when I'm not in competition. Warm-up is fairly easy on this mare. I just make sure that she is driving forward and reaching when I lope in a small circle so that she will stay forward and reach through her turns.

I feed Safe Choice original by Nutrena. Sissy gets Forco and Exceed Six Way twice a day; she also gets In Sync from MVP in the morning. I am currently feeding everyone liver support and kidney support from Silver Lining Herbs as well. Her alternative therapies include chiropractic and acupuncture with Dr. Dale Schneider and also Shawna Turner from Supple Steeds for chiropractic and muscle release. My primary vet is Dr. William Rhodes from Premier Equine Veterinary Services in Whitesboro, Texas. When I am home I use Dr. Zacharias from Country-side Large Animal Clinic in Greeley Colorado. And last but not least I use Pioneer Animal Clinic in Scottsbluff, Nebraska. My husband, Seth Schafer, is my farrier. Sissy has rims on the front and flats on the back.

We could tell pretty early on that Sissy was going to be a great horse! Her conformation is very correct, she has great bloodlines and she has the mentality to be a great competitor! I had the opportunity to run her brother Freckles Ta Fame his futurity year and she has always reminded me a lot of him, so I had no doubt that she would succeed! Sissy was a natural and pretty easy to train. I was pregnant last year so I had to give her a long break during the time that I would have been hauling the most. Because of that I did feel slightly behind last fall and the first part of her futurity year. She has been very consistent all year but has really started to come on this fall!

We can't make a horse into something that it is not. A horse has to have the ability, the heart and the right training to reach its full potential. Sissy comes from a long line of great horses! Her dam, Frenchmans Freckles, is a great horse. Joe and Carla's granddaughter, Shay has won a lot on her. Frenchmans Freckles and her dam, Positively A Coyote, have produced a lot of great horses. Sissy is a daughter of Dash Ta Fame which speaks for itself.

To keep Sissy sharp between runs I do a few drills in the arena focusing on fluent forward motion and keeping her strong in her turns. We also long trot down our dirt road quite a bit.

I give Sissy Gastro Plex Paste & Electro-Cell from MVP when hauling and competing. I also haul her with Back on Track quick wraps and soft rides or easy boot clouds.

I am really looking forward to what is yet to come for Sissy. I will probably take her to the derbies and use her during the 2017 ERA season.

I would like to give a special thanks to my husband, Seth and my intern, Katie Fairfield, for helping to make this lifestyle possible. It truly takes an army of people and support to be able to do my job well! I also want to thank Joe and Carla Spitz for giving me the opportunity to ride their incredible horses! I

would also like to thank our sponsors: Rock 'n' Roll Cowgirl, Coats Saddlery, Five Star Pads, Silver Lining Herbs, My Air Hitch, MVP, Forco Feed Supplement, XDiamondX Company, RES Boots, Flow Boot, Sweet Runs and Southwest Equine Incorporated.
