

Environmental Technician Wastewater Treatment Plant

The City of Lebanon is accepting applications to fill the position of Environmental Technician at the Wastewater Treatment Plant. The desired candidate will be seeking a career in the environmental field and a desire for further education and training in wastewater treatment. Responsibilities of the position require a self-starting highly motivated individual. Duties will include, but not limited to, sample collecting, testing and evaluating results to adjust the treatment process and maintain regulatory compliance, operation and maintenance duties at the treatment plant and pump stations, operate and maintain waste solids processing equipment, ability to read, understand and follow direction, basic computer skills and other duties as assigned. Candidates must be available for routine/scheduled standby status and available to report within 30 minutes after contact. Situations may also arise that will require work after general working hours. Stand-By duties will be required upon successful completion of the probationary period. Position will require work in all types of seasonal weather conditions. A Class I OEPA Wastewater Operator certification or the ability to obtain one within two years of hire is required. An Ohio Class A Commercial Driver's License with air break and tanker endorsements within 6 months of hire is also required. The successful candidate must be at least 18 years of age and possess excellent written and verbal communication skills. Hourly range is \$14.10 - \$19.76 DOQ. The City of Lebanon offers an excellent benefit package. General Hours of work are M-F 7:30am-4:00pm. Applications may be obtained at the Lebanon City Building, 50 S. Broadway, Lebanon, Oh 45036, or downloaded off the website at www.lebanonohio.gov and returned to the Personnel Dept. Applications will be accepted until position is filled. The City of Lebanon requires pre-employment drug screen, physical, and background check. EOE.
