Delta's annual notification of changes in the variable benefit

The Delta notification of the change in the variable portion of D&S Plan benefits indicates that the variable benefit index increased from \$37.16 to \$39.35 on April 1, 2021. This increase of approximately 5.89% impacts the variable benefits payable to survivors and disabled pilots.

An article explaining the calculation of the variable benefit can be found on the DDPSA website (www.ddpsa.org) through a link in the text on the SURVIVOR and DISABILITY pages. Additionally, that article is attached to this news release that is being emailed to our members.

DDPSA will continue to monitor events relating to the D&S Plan. Thank you for your continuing support.
