2022 * 2023 STUDY GUIDE

About Brandeis University

Characterized by academic excellence since its founding in 1948, Brandeis is one of the youngest private research universities in the United States, as well as the only nonsectarian Jewish-sponsored college or university. It is regarded as one of the pre-eminent liberal arts and research universities in the country. Brandeis counts among its faculty and alumni a Nobel Laureate, MacArthur Foundation "genius grant" recipients, Pulitzer Prize winners and a number of Emmy Award-winning actors, broadcasters and producers. The university stresses an interdisciplinary approach to knowledge and the solution to real life problems. The campus community remains devoted to the concept of social justice, a legacy inherited from the namesake of the university, U.S. Supreme Court Justice Louis D. Brandeis.

BNC Mission Statement

Brandeis National Committee (BNC) is dedicated to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. Its membership is connected to the university through fundraising and through activities that reflect the values on which the university was founded: academic excellence, social justice, non-sectarianism and service to the community.

BNC Phoenix Chapter Presidents' Message

On behalf of the Brandeis National Committee's (BNC) Phoenix chapter, we are excited to welcome you to the 2022- 2023 Study Group year.

Study Groups are the driving source of membership in our Chapter. They help satisfy our members' passion for lifelong learning and accommodate our members varying interests by offering groups across a wide range of topics.

As paid-up members, you have almost unlimited access to opportunities that engage you in spiritual, physical, intellectual and social activities. They keep our members physically and mentally active, are a great place to socialize and meet new friends, and most importantly, they expose our members to new knowledge and experiences.

Groups are both virtual and in person so chapter members have access to programming wherever they may be.

Two facts continue to amaze us:

1. The vast number of talented and accomplished people who live in our community. Our study groups are facilitated by these skilled members who offer us their time and expertise. The quality of our groups is unparalleled. Our Phoenix Chapter's study groups complement the University's commitment to excellence. We want to express our admiration and gratitude to our facilitators for their time commitment to our chapter and its mission.
2. If you are new resident of Arizona, or even newly retired, you will meet more friends in a study group than you will in almost any other situation. We serve the critical role of connecting people to each other.

Our Study Group Vice Presidents, Stephanie Kloppe, Joyce Steinberg and Barbara Stern spend unlimited hours making these experiences possible. We offer our immense gratitude for their efforts.

We are pleased to be able to offer you these life-enhancing experiences and are excited for the adventures you have ahead of you through your participation.

Wishing you all good health in the year ahead!

Ellen Widoff and Leith Baletti
Co-Presidents, BNC Phoenix Chapter

Dear Members,

We are very excited to share with you the Study Groups in this year's Study Guide. There are lots of new groups for you to try out and we are especially excited to see many of our favorite groups returning from last year. As you will see, some of our volunteer facilitators are choosing to have their groups meet online using Zoom, while others are moving to in-person meetings, following strict COVID protocols. You can review those [guidelines for in-person meetings](#) on page 7 of the guide.

Since study groups are available only to current members of the Brandeis National Committee (BNC), now is the time to join or renew, which you can do online. See page 5 for detailed instructions for joining or renewing your [membership](#).

The study groups schedule was created to contain as few conflicts as possible. With that said, we are fortunate to have so many groups, which means you will have to make some choices. Please keep in mind that many of our groups fill up quickly, so plan to register as soon as possible. Make sure your email is current with the chapter and watch for the eblast that tells you when you can register. **The registration link will not be active on the Study Group page of the [BNC Phoenix website](#) until General Registration is opened for everyone at the same time.**

We suggest you review the instructions for [How to Register](#) on page 6 of the guide in advance, and then make a list of your choices BEFORE going into the BNC online registration application. This will make for a more positive experience.

We encourage you to share this Study Guide with any of your friends who are not yet members of BNC and talk to them about joining. Remember, your study group fees are used to offset the administrative expenses of our local BNC Phoenix Chapter, with any surplus going to the Brandeis University library.

We hope you will take advantage of all that our BNC Phoenix Chapter has to offer for the 2022-2023 season.

Your Study Group VPs,

**Stephanie Kloppe, Joyce Steinberg,
and Barbara Stern**

If you have any questions, we can be reached at

The author will speak to us about his/her life and writing. There will be a question and answer period followed by book signings. You do not need to read the author's book in advance but you are, of course, welcome to do so. Books will be available for purchase that day. The authors do not charge us for their appearance, but selling books is how they make their living, so it is always nice for our group to support them. You must RSVP to Merrill each month to assure a seat. Meetings will be at the JCC in Scottsdale. **The first meeting will be January 16.** Maximum 150.
