EZ Fleet Tracking & Reporting Features

Multiple User Login: Create several users on the same user interface portal.

Training Videos & Instructions: Available on *every page* by clicking the “?” Question mark.

Web Based Software: The system is web-based, so there is no need to install any proprietary software, or do updates.

Mobile Application: The user interface auto sizes for Android, I-Phones or tablets.

Lifetime Warranty: There's no need to worry, knowing that your equipment is covered by the best warranty available!

Road & Aerial Mapping: It uses Google maps, so it is easy to use and has familiar features.

Reporting: Our software interface gives you trip reports, driver reports, behavior reports, and so much more!

Variable Reporting Intervals: Reporting is based on product type; from every 60 seconds, to just 2 times per day.

Maintenance Alerts: You can receive reports for when it's time to service the vehicle.

Our EZ Fleet Tracking Is Web-Based

Get *fast access* to your fleet with *tracking information*, based on the internet.
Our mobile web application will auto-size for your smartphone or tablet.

FLEET

Optimize Your Fleet Activities And Maximize Your Workforce!

Why Track Your Fleet?

“You can’t manage what you don’t measure”. Nothing is more true than when managing a business with a commercial fleet. Waste and inefficiencies come in many forms including:

- Excessive idle times
- Poor driver routing
- Personal or unauthorized vehicle use
- Late start to workdays or excessive lunch breaks
- Gasoline theft
- Moonlighting
- Speeding and unsafe driving practices
- False or exaggerated overtime timesheets
- Theft of company assets
- Liability risk

Industries Served

- HVAC
- Plumbing
- Home Healthcare
- Landscaping
- Electrical
- Construction
- Freight and Hauling
- Telephone Installation
- Towing Service
- Security Installers
- Industrial Distributors
- Government and Municipalities
- Sales Managers
- Pool Service
- Home Improvement
- Business Machine Dealers
- Security Guard Fleets
- Forklift Sales and Service Dist.

System Benefits Save You Money: Increases Productivity & Gives Data Proof!

- Web-Based User Interface
- Updates Every 1 Minute Plus All Turns
- Easy to Navigate and Setup
- Real-Time Alerts
- Multiple Reports
- Unlimited Users / Logins
- Google Maps

Trackable Data Provides Proof if Needed!
Available History: 24 Months of Data

Google Maps with Satellite & Street Views!

Fleet vehicles use a lot of fuel.
Fleet vehicle drivers can go days or
weeks with no supervision.

**You need to track the vehicle results to
manage the time, miles and
money saved!**

**Typical results of this program are
20-30% savings!!!!**

That can add thousands of dollars in savings
back into your company.

The visibility gives accountability!
The system pays for itself in recovery of losses
