

Hi Everyone

I hope you are all well and are staying safe at home. I know how hard it has been for you all not being able to see friends and family, play out or visit places that you normally do. It has been so difficult for everyone who is still in school because we miss seeing you all at playtimes and helping you learn new things in class.

The most important thing is that we are all safe and can look forward to meeting up soon to carry on making memories in school. I am so proud of how well you have all managed being at home because I'm sure sometimes it will have been really hard. When this started back in March I enjoyed having a less busy life but I quickly became a bit bored; some days I have been a bit grumpy and other days I have been really cheery, especially when it was hot weather. When it's been hard I have called a friend or my family, who I have missed a lot, and it has made things easier. I hope you are talking to someone if you feel like this and that you are having more happy days than hard ones.

Keep doing some exercise or go on a walk every day as being outside and getting fresh air is really good for you. Don't forget to look up and see how quiet the skies are and listen to the birds, it's strange but lovely that everywhere is so quiet at the moment. We will probably forget this when things return to normal but for now enjoy it; you may never get this much peace and quiet again.

I listen to our Government every day and we are looking at how and when we can get you back into school safely; we don't know when this will be yet but fingers crossed it won't be too long.

The school year may be ending differently than we all planned but everyone at school is so proud of how you have all managed.

We miss you all, take care, stay safe and look for rainbows, happier times will return.

Mrs Phillips
Headteacher
