About Us

Exchange Club of Haverhill is a 70+ member civic organization aimed to give back to our community. Our membership includes local bankers and attorneys, law enforcement and health care professionals, realtors and non-profit executives, school teachers and local residents. The like-minded nature of all these different people is what brings us together and makes our club great.

A board of directors guides the club by outlining programs and fundraisers for the year, coordinating committees and organizing the annual fundraising and operating budgets. The President of the club leads the organization along with the “tripod” (Immediate Past President and President-Elect) by publishing weekly email newsletters to the membership, updating members on club happenings, organizing and leading board and lunch meetings, and acts as a person of reference for all members and outside inquiries.

The entire membership meets every Thursday for about an hour to discuss our programs, events, initiatives and fundraising goals while enjoying the company of one another over lunch. These lunches feature interesting speakers and/or a club-related program set up by the President and/or Speaker Committee.

Membership in Exchange Club of Haverhill offers you the opportunity to:

Impact the community: Members provide community service both locally and nationally. This is the best reason to become a member: the chance to serve others and experience the fulfillment that comes from giving. Together, we can make a difference, every day.

Expand your business network: Everyone needs to network and Exchange consists of a cross-section of the business community, from all walks of life. Exchange Club members help each other grow personally and professionally in their chosen fields.

Build new friendships and become a better citizen: Exchange offers members a natural opportunity for fellowship with like-minded individuals. Belonging to Exchange helps members to become more socially-conscious and aware citizens.

Leadership development: For many, membership in Exchange leads to new and/or enhanced leadership skills through position in local, district and regional levels. Exchange leaders learn to motivate, influence and guide others.

Hear from interesting guest speakers: The Exchange Club’s Speaker Committee coordinates speakers from throughout the area to present interesting and unique topics at the weekly lunch meetings. Speakers include local business owners, municipal leaders, FYI on community happenings and how-to demos.
