SOUTH CAROLINA 932**

CADET HANDBOOK INTRODUCTION

(Contents of this handbook are TESTABLE)

POLICY STATEMENT. The cadet handbook is designed to provide statements of policy, guidance, and direction for day-to-day operation of the SC-932 Cadet Group. This handbook provides standards by which AFJROTC cadets can work towards common goals of academic and military achievement. It is based on the assumption that cadets work toward the betterment of the Corps if they are aware of the goals of the unit. Each cadet is responsible for the information contained in this guide.

HANDBOOK ARBITRATION. The final authority on the contents of this handbook is the Senior Aerospace Science Instructor (SASI) who has been charged with the administration and management of the AFJROTC program at James F. Byrnes High School. Any unforeseen items or events not covered in this handbook will be routed to the SASI for final determination. Cadets should direct all questions on the handbook to their respective AFJROTC instructor.

HISTORY. Air Force Junior Reserve Officer Training Corps (AFJROTC) was founded under Public Law 88-647, called the ROTC Vitalization Act of 1964. SC- 932 at James F. Byrnes High School was established in July 1993. The designation SC-932 indicates that our unit was the second AFJROTC program approved for South Carolina in 1993.

MISSION AND OBJECTIVES. The purpose of the AFJROTC program is to *Develop citizens of character dedicated to serving their nation and community.* The mission of the AFJROTC instructor team is to provide a framework to fulfill this purpose, by developing leadership skills, self-discipline, teamwork, and citizenship. The cadet handbook describes key requirements cadets should meet to successfully complete the program. In realizing the goals of SC- 932, the cadet corps will satisfy the following objectives:

- a. Uphold the Cadet Honor Code
- b. Promote patriotism and develop respect for authority.
- c. Promote academic achievement.
- d. Develop individual leadership abilities.
- e. Develop the ability to perform basic military skills associated with drill and ceremonies.
- f. Develop an appreciation for the traditions of the Air Force.
- g. Develop a personal physical fitness program.

GENDER NOTE WHEREVER USED, THE TERMS “HE, HIM,” OR “HIS” ARE USED ONLY AS STANDARD ENGLISH GRAMMAR AND ARE NOT INTENDED TO IMPLY OR INFER GENDER PREFERENCE.

Chapter 1 What We Stand For

AIR FORCE CORE VALUES

Integrity First

Service Before Self

Excellence In All We Do

1.1. **Integrity** is a character trait. It is the willingness to do what is right even when no one is looking. It is the moral compass—the inner voice; the voice of self-control; the basis of the trust imperative in today’s military. Integrity also covers other moral traits such as:

1.1.1. **Courage.** A person of integrity possesses moral courage and does what is right even if the personal cost is high.

1.1.2. **Honesty.** Our word is our bond; we do not lie and we cannot justify any deviation.

1.1.3. **Responsibility.** Acknowledge his or her duties and acts accordingly.

1.1.4. **Accountability.** Do not shift blame to others or take credit for the work of others.

1.1.5. **Justice.** Those who do similar things must get similar rewards and punishments.

1.1.6. **Openness.** Encourage a free flow of information within the corps and seek feedback from all directions.

1.1.7. **Self-respect.** Respect oneself as a professional and human being. A person of integrity does not behave in ways to that would bring discredit upon him/her, the corps, or school.

1.1.8. **Humility.** Person of integrity will put someone else’s needs before their own.

1.2. **Service before self** means that professional duties take precedence over personal desires.

1.2.1. **Rule following.** Good leaders understand that rules have a reason for being, and the default position must be to follow those rules unless there is a clear operational reason for refusing to do so.

1.2.2. **Respect for others.** Good leaders place others ahead of his/her personal comfort.

1.2.3. **Discipline and Self-Control.** Leaders cannot indulge themselves in self-pity, discouragement, anger, frustration, and defeatism. Strike a tone of confidence and optimism—exercise self-control.

1.2.4. **Faith in the System.** Leaders need to resist the temptation to doubt “the system.”

1.3. **Excellence in all we do** directs us to develop a sustained passion for continuous improvement and innovation that will propel you and the corps into a long-term, upward spiral of accomplishment and performance.

1.3.1. **Product and Service Excellence.** Focus on providing services and products that respond to the customer’s wants and needs.

1.3.2. **Personal Excellence.** Seek out education and stay in physical and mental shape.

1.3.3. **Community Excellence.** Working together to successfully reach a common goal.

1.3.4. **Resource Excellence.** Take care of materials, equipment, and people.

1.3.5. **Operations Excellence.** Internal operations pertain to the way we do business internal to AFJROTC and external operations pertain to the way we treat the world around us.

Present times call for values that serve as a beacon toward the right path. They set the standard for our behavior, our service to country, and our treatment of one another. The core values, Integrity First, Service Before Self, and Excellence in All We Do, are the foundation upon which a quality Air Force (and U.S. Citizen) is built.

CADET HONOR CODE

I will be truthful at all times, I will do my own work, I will respect the property of others, and I will not tolerate dishonorable cadets in our corps.

Cadet Creed

I am an Air Force Junior ROTC cadet

I am connected and faithful to every corps of cadets who serve their community and nation with patriotism.

I earn respect when I uphold the core values of Integrity First, Service Before Self, and Excellence in All We Do.

I will always conduct myself to bring credit to my family, school, corps of cadets, community, and to myself.

My character defines me. I will not lie, cheat, or steal. I am accountable for my actions and deeds.

I will uphold others accountable for their actions as well.

I will honor those I serve with, those who have gone before me, and those who will come after me.

I am a patriot, a leader, and a Wingman devoted to those I follow, serve, and lead.

I am an Air Force Junior ROTC cadet.

Chapter 2 Aerospace Science Curriculum

2.1. Curriculum. The Air Force permits each AFJROTC department to tailor its curriculum using the various academic materials provided. Cadets may not repeat curriculum. AF-100 Introduction to Air Force History is only taught at the Byrnes Freshman Academy. Upperclass students who are taking AFJROTC for the first time may take the current core class. The core AFJROTC courses of AF-200 Science of Flight, AF-220 Cultural Studies, and AF-300 Exploring Space are taught on a 3-year rotating schedule with different Fall and Spring course materials, allowing cadets to take AFJROTC one or both semesters each year without repeating curriculum. The specialized courses, AF-410 Survival, AF-500 Aviation Honors Ground School, AF-400 Aerospace Science Honors Management of the Corps, and AF-510 Aerospace Science Honors Senior Project are taught each semester. Cadets may take these courses only once.

2.2. AF-100 – JROTC Introduction to Air Force History. Freshman will take AF-100-JROTC Introduction to Air Force History. Academic material introduces cadets to the AFJROTC program and focuses on military traditions, citizenship, the U.S. government, wellness, health, fitness, personal accountability, and Phase I Introduction to College and Career Path Development. Citizenship principles are reinforced through community service projects. The concepts of good “followership” are fostered as a foundation for leadership. Cadets are given opportunities to lead small group activities. Cadets may not “double-block” AF-100. **Students receive a physical education unit upon completion of this course.**

2.3. AF-200 - JROTC Science of Flight I (Fall) & II (Spring) (Grade Levels 10 – 12). Prerequisite Instructor approval. This Aerospace Science course places emphasis on the AFJROTC program mission, to “develop citizens of character dedicated to serving their nation and community.” Academic material covers improving communication, leadership, the science of flight, and College and Career Path Development. Leadership principles come to life as cadets actively employ basic leadership principles as they serve in experience appropriate leadership positions within the Cadet Group, including instructors in drill and ceremonies and freshman cadet leadership training. Others may assume staff and leadership positions as required within the cadet organizational structure. Organizational planning, time management, and acceptance of responsibility are stressed as cadets assume increased leadership roles. Each semester is designed as a stand-alone and complementary course, addressing differing aspects of the Science of Flight and Leadership.

2.4. AF-220 - JROTC Cultural Studies I (Fall) & II (Spring) (Grade Levels 11 – 12). Prerequisite Instructor approval. The curriculum surrounds the culture and US interests in selected countries. Senior cadets will prepare detailed presentations on social, political, economic, and military issues. Relationships with the United States will be discussed. Leadership studies will provide a comprehensive look at civilian and military careers with a focus on educational requirements and career opportunities. Leadership studies also include resume preparation, job interview techniques, and financial management. Leadership principles come to life as cadets actively employ basic leadership principles as they serve in experience appropriate leadership positions within the Cadet Group, including instructors in drill and ceremonies and freshman cadet leadership training. Others may assume staff and leadership positions as required within the cadet organizational structure. Organizational planning, time management, and acceptance of responsibility are stressed as cadets assume increased leadership roles. Each semester is designed as a stand-alone and complementary course, addressing differing aspects of the Science of Flight and Leadership. Each semester is designed as a stand-alone and complementary course, addressing differing world regions and differing aspects of life-skills and financial management.

2.5. AF-300 JROTC Exploring Space I (Fall) & II (Spring) (Grade Levels 10 – 12). Prerequisite Instructor approval. The cadets will expand their awareness of the space environment through study of the solar system and deep space. Studies continue through study of the requirements for exploring, living, and working in space, including practice in planning and implementing a space mission. Cadets will be

presented with scenarios designed to enhance their critical thinking skills through analysis of mission requirements. Leadership and Life-Skills such as preparing for college and the workplace as well as financial management are addressed. Leadership principles come to life as cadets actively employ basic leadership principles as they serve in experience appropriate leadership positions within the Cadet Group, including instructors in drill and ceremonies and freshman cadet leadership training. Others may assume staff and leadership positions as required within the cadet organizational structure. Organizational planning, time management, and acceptance of responsibility are stressed as cadets assume increased leadership roles. Each semester is designed as a stand-alone and complementary course, addressing differing aspects of the Exploring Space and Life-Skills.

2.6. AF-400 - JROTC Aerospace Science Honors–Management of the Corps (Grade Levels 11 – 12). Prerequisite Instructor approval and two semesters of AFJROTC completed. The honors course focuses on the development of leadership and management techniques that are consistent with the US Air Force and large businesses. This course is open to junior and senior students only. Members serve as the Cadet Group Staff. Detailed planning, organization, and goal setting are key elements. Management continuity notebooks are maintained and graded. Academics focus on leadership principles and the role of the US Air Force in an aerospace environment. Planning and organizational skills will be examined as well as leadership studies such as time management and effective written and verbal communication. Honors cadets will plan all cadet activities. Students will complete a fully annotated minor leadership research project and classroom presentation of research as part of their final grade.

2.7. AF-410 - JROTC Aerospace Science – Survival (9th grade cadets may take this course upon successful completion of AF100). Prerequisite Instructor approval and one semester of AFJROTC completed. For this specialized course the survival instruction will provide training in skills, knowledge, and attitudes necessary to successfully perform fundamental tasks needed for survival. Survival also presents “good to know” information that would be useful in any situation. Course will utilize hands on activities such as fire craft, solar stills, shelter building, knot tying, survival food, and land navigation. Leadership principles come to life as cadets actively employ basic leadership principles as they serve in experience appropriate leadership positions within the Cadet Group, including instructors in drill and ceremonies and freshman cadet leadership training. Others may assume staff and leadership positions as required within the cadet organizational structure. Organizational planning, time management, and acceptance of responsibility are stressed as cadets assume increased leadership roles.

2.8. AF-500 - JROTC Aerospace Science Honors - Ground School (Grade Levels 11-12). Prerequisite Instructor approval and two semesters of AFJROTC completed, including AF-200. This Aviation Honors Ground School Program offers select cadets the opportunity to engage in a detailed study of aviation and piloting skills. This course is restricted to juniors and seniors with demonstrated potential and aptitude, who have completed a minimum of 2 years of AFJROTC coursework and maintained a grade of “B” or better. The curriculum uses off-the-shelf private pilot materials to prepare the student to take and pass the Federal Aviation Administration (FAA) written examination. Students will further their science of flight studies and develop necessary flight skills through practical application using techniques and tools of flight planning, visual and instrument flight methods, and display their abilities using flight simulators.

2.9. AF-510 – JROTC Aerospace Science Honors–Senior Project (Grade Level 12). Prerequisite Instructor approval and completion of AF-400. The honors course focuses on the development of leadership and management techniques that are consistent with the US Air Force and large businesses. The course is open to senior students only. Members serve as the Cadet Group Leadership. Detailed planning, organization, and goal setting are key elements. Detailed management continuity notebooks are maintained and graded. Academics focus the study of organizations, policy development, corporate-level communications, and the organization of the US government. Career planning is integral to this course. Honors cadets form the leadership for the entire AFJROTC program. Students will complete a fully

annotated major leadership research paper and classroom presentation of research as part of their final grade.

2.10. AF-601 - Dual Enrollment Principles of Aeronautical Science (Grade Levels 11-12). An introductory course in Aeronautical Science designed to provide the student with a broad-based aviation orientation in flight-related areas appropriate to all non-Aeronautical Science degree programs. Subjects include historical developments in aviation and the airline industry; theory of flight; airport operations; aircraft systems and performance; elements of air navigation; basic meteorology theory; air traffic principles; flight physiology; and aviation regulations and safety. Course includes flight simulator operations. Offered at BHS, through Embry-Riddle Aeronautical University and AFJROTC.

2.11. AF-602 - Dual Enrollment Unmanned Aircraft Systems (Grade Levels 11-12). Prerequisites: AF-601. This is an introductory course taught through Embry-Riddle University. This course is a survey of unmanned aircraft systems (UAS), emphasizing the military and commercial history, growth, and application of UASs. Students will gain hands-on experience with UAS and will demonstrate proficiency in basic UAS operations. The course will include basic acquisition, use, and operation of UASs with an emphasis on operations. The course leads to CTE certification upon successful completion of the FAA Part 107 examination. Offered at BHS, through Embry-Riddle Aeronautical University and AFJROTC.

2.12. Leadership Training. Leadership is defined by the Air Force as the art of influencing and directing people to accomplish the mission. Being a leader means more than receiving a title; a leader directs others toward a common goal. These principles can be taught academically, but they are of little value without practical application. The AFJROTC program provides an opportunity to develop leadership techniques and potential through practice in a real-life situation. The Corps of Cadets is organized with training objectives that afford each cadet a position of increasing responsibility so that he can demonstrate leadership ability, learn from mistakes, and move on to higher positions within the Corps of Cadets. The cadets will be evaluated on how well they perform in accomplishing these responsibilities and are measured through academic and instructor evaluations. Instructor assessment is an integral part of the final grade as well as uniform wear and personal appearance, wellness, and academics.

2.13. Physical Fitness. Physical Fitness is an integral part of the AFJROTC curriculum and cadets receive Physical Education Credit. Cadets will participate in the AFJROTC Wellness program; the program is based in concept on the Air Force's Fitness Program. Part of the United States Code that creates the JROTC program requires its members to be physically fit. The objective is to motivate cadets to lead healthy, active lifestyles. Being physically fit is a significant portion of personal responsibility. The wellness program provides leadership opportunities, builds esprit de corps, and increases cadet confidence. The wellness program's primary consideration is the cadet's safety.

2.13.1. Fitness Attire. Cadets are required to wear fitness attire for physical fitness activities. Each cadet will be issued a set of unit fitness gear (shirt and shorts, sweat pants and sweat shirt) upon entry into the Cadet Corps. Cadets may wear any combination of issued fitness gear for fitness activities.

Chapter 3 Student Administration

AFJROTC is a Voluntary Program

3.1. **Admission Of Students.** To be eligible for enrollment and continuance in the AFJROTC program, each cadet must be a full time student in good standing at Byrnes High School or Freshman Academy, at least 14 years old, be of good moral character, and be able to participate in AFJROTC training.

3.1.1. AFJROTC Honors class admission requires a recommendation by the cadet's previous AFJROTC Instructor and concurrence of the SASI.

3.1.2. **THERE IS NO MILITARY SERVICE OBLIGATION FOR AFJROTC ENROLLMENT.** However, Department of Defense Instruction 1205.13, *Junior Reserve Officers' Training Corps (JROTC) Program*, gives the military services authority to enlist individuals with two years of JROTC completion at the rank of E-2. Individuals who have completed three years of JROTC may be enlisted at the rank of E-3 or, for those enrolling in the ROTC program in college, receive not less than 1 year of credit in the Senior ROTC program.

3.2. **Disenrollment.** For continuance in the AFJROTC program, cadets are required to be a Byrnes High School student and abide by all school rules and AFJROTC class requirements. AFJROTCI 36-2001 states that cadets may be disenrolled for failure to maintain acceptable standards (including uniform wear and grooming), inaptitude or indifference to training, disciplinary reasons, failure to remain enrolled in school or any other reason deemed appropriate by the SASI and principal. The SASI will disenroll, with no course credit, a cadet who does not:

3.2.1. Wear the AFJROTC uniform an average of once per week and maintain personal appearance and uniform standards. **Cadets failing to meet this standard will not be continued in the program without special waiver from the SASI for exceptional circumstances.** Any cadet who has failed a nine-week grading period for failure to wear the uniform as prescribed will not be continued in the program.

3.2.2. Meet personal appearance and uniform dress standards. This includes failure to wear the hair as prescribed by Air Force regulations, additionally for males, failure to properly shave while in uniform, and failure to wear the AFJROTC uniform on prescribed days without a valid reason. Per AFJROTC Headquarters policy, cadets must meet grooming standards within the first week of the semester. When a cadet fails to wear the uniform, the instructor will contact the parents/guardians advising them of the situation and a referral will be written. **After the third time, cadets will be referred to the SASI with a recommendation for disenrollment from the program.**

3.2.3. Abide by Byrnes High School/Freshman Academy student rules of behavior. A history of suspensions, referrals, and any expulsion are reasons for disenrollment.

3.2.4. Maintain a positive attitude towards training, and comply with classroom procedures.

3.2.5. Abide by the Cadet Code of Conduct, Honor Code, or Code of Ethics.

3.2.6. Demonstrate aptitude (willingness to grasp), or shows indifference to training (lack of interest in drill and ceremonies, leadership development activities or wellness), or for disciplinary reasons that involve character traits that are not desirable (initiating a fight, dishonesty, or refusal to follow directions of instructors or cadets in positions of authority.)

3.2.7. Enroll as a full time student at Byrnes High School/Byrnes Freshman Academy.

3.2.8. Follow classroom rules, maintain a positive attitude towards training, and comply with classroom procedures.

3.3. **Reenrollment.** The SC-932 SASI's policy is that students who receive more than THREE discipline referrals in a semester or fail to wear their uniform will not be recommended for reenrollment in future AFJROTC courses. The SASI will make the recommendation and coordinate with the principal.

3.3.1. Cadets must pass an AFJROTC course with at least a "C" average. Continued enrollment will be on a space available basis when approved by the SASI, with no certification of completion credit for military training for failed AFJROTC courses.

3.4. **Transfer Of Students.** Transfer of students from other JROTC programs may be permitted with full credit for training already received. All earned awards, medals, and ribbons are transferred with verification from the previous unit's instructor staff; however, the cadet's rank held at their previous unit does not necessarily transfer. The cadet will initially enroll in the Byrnes AFJROTC program at an entry level, and may be placed in a position of responsibility and selected for promotion to a higher grade based on the cadet's proven performance and capabilities.

Note: Student must present documentation such as a cadet record or transcripts.

3.5. **Fighting. Fighting will not be tolerated** while enrolled in AFJROTC. Cadets will not initiate or participate in fights and will do everything possible to walk away from a potential fight. Fighting is not considered acceptable behavior in the military or society in general and brings discredit to the cadet corps. We will handle cadets who fight in the following manner, judging each situation on its own set of circumstances:

3.5.1. Cadets who initiate a fight will be removed from the program.

3.5.2. Cadets who are attacked will not necessarily be disenrolled from AFJROTC. An investigation will determine their level of involvement, and then the appropriate discipline, if any, will be administered.

3.6. **CONSEQUENCE OF DISENROLLMENT.** Cadets who are disenrolled will:

3.6.1. Receive a failing grade for the semester.

3.6.2. Be removed from the AFJROTC classroom and reassigned as determined by the respective Byrnes Guidance Department.

3.6.3. Not be allowed to re-enroll in AFJROTC.

3.7. **Reserve Corps.** A Reserve Cadet is a student who, having completed at least one academic semester, is either not enrolled in the current academic term but has completed or is scheduled for an AFJROTC class during the school year. Reserve Cadets may participate in all AFJROTC activities and may be issued a uniform. Students are designated as Reserve Cadets with the concurrence of the SASI. Time in the reserve status does not count towards the Certificate of Completion but allows cadets to stay actively involved in Corps activities.

Chapter 4 Clothing And Equipment

4.1. Clothing And Equipment Account. Uniform items are loaned to the student by the United States Air Force. Cadets will sign for each uniform item issued at the beginning of the semester and will be responsible for the return of those items at the end of the semester. **All dark blue clothing items must be dry cleaned professionally immediately following the last uniform wear day of the semester, and prior to the assigned turn-in date.** Other items issued to the cadet (rank, insignias, belts, ties/tabs, hats, nametags, cords, books, etc.) are considered equipment items. They must also be accounted for and cadets must sign the receipt form that lists all issued items.

Note: All Uniform Items are **PROPERTY OF THE UNITED STATES AIR FORCE**: Approximate replacement value is \$315 (Subject to change; based on current market prices)

4.1.1. All uniform and equipment items must be accounted for at the end of the semester. Immediate payment will be made to the AFJROTC department for any items lost or damaged. **REPORT CARDS will not** be issued until the cadet's uniform and equipment account is settled. Cadets will be **unable to REGISTER FOR THE NEXT SCHOOL YEAR** until all accounts are settled.

4.1.2. Uniform items that become worn or unserviceable should be turned in to the AFJROTC uniform/equipment custodian as soon as possible. Items of clothing that no longer fit properly should be exchanged prior to uniform wear day. **NO** exchanges will be made on uniform wear days. The item/items will be replaced at no cost as long as the condition of the item is due to normal wear and tear or improper fitting. If you are responsible for the item's unserviceable condition through misuse or neglect, then you must pay for the item. The exchanged clothing needs to be professionally dry cleaned before new items are issued. Cadets will be excused from uniform wear while the uniform is being altered, but the cadet's Aerospace Science instructor must be notified in advance. Cadets will not be excused from uniform wear for improperly fitting uniform items unless they have notified the SASI or an ASI in advance. Once the items are received, altered, or exchanged the uniform wear/wears must be made up to receive credit.

4.1.3. Uniforms under cadets' care need to be laundered for cleanliness (weekly) and serviceability. **YOU WILL BE CHARGED** for uniform items returned unserviceable.

Things To Do:

4.1.3.1 Keep up with your uniform items. Commonly misplaced items are windbreaker liners. Commonly unserviceable items are shirts (rings around shirt collars.)

4.1.3.2 Be alert for other uniform items or equipment that have been misplaced by other cadets. If found return the item to an instructor or the logistics officer.

4.1.3.3 If the flight cap is not worn (inside buildings) place it in your book bag or place it under your belt on the left side.

Things Not To Do

4.1.3.4 Leave uniform items in unlocked lockers, classrooms, or unattended in other areas of school (gym, common areas, classrooms, etc.)

4.1.3.5 Loan any insignia or uniform items to a friend or another cadet.

4.1.3.6 Permit another cadet to turn in any of your uniform items or equipment. Remember it was issued to you by an instructor; you return your items to an instructor.

4.1.3.7 Place your uniform or equipment in the care of someone else.

4.1.3.8 Uniform will not be worn on days assigned to ISS.

4.1.3.9 Uniform parts will not be worn with civilian clothing.

4.1.3.10 **Do not remove labels from uniform items.**

4.2. The UNITED STATES AIR FORCE UNIFORM is the SYMBOL OF A PROUD and HONORABLE SERVICE. Wear the Uniform with the pride and care it deserves.

Wear of the Air Force uniform is an honor. On uniform day a large portion of the Byrnes Student Body will be in uniform. You will be one of many who proudly wear the uniform that countless thousands have worn while sacrificing their lives for this Country. We do everything possible to keep you in a proper and well-fitted uniform. However, we must have your cooperation in order for the entire cadet corps to present its best appearance.

Chapter 5 Proper Wear Of The Uniform

5.1. Wearing The Uniform. Except for the insignia and patch, the AFJROTC uniform is the same uniform worn by active duty members in the United States Air Force. The AFJROTC uniform must be worn properly at all times in accordance with Air Force Instruction 36-2903. Refer to Attachments 2 through 11 for proper uniform wear and combination standards. When participating in orientation flights or field trips, the SASI will prescribe the uniform to be worn in a field memorandum. The Air Force and the local population closely scrutinize the proper wear and maintenance of the uniform by cadets. Thus, wear it proudly and correctly! Cadets must keep the uniform clean, neat, and in good condition at all times, with badges, ribbons, insignias, and other metallic devices properly maintained.

5.2. Uniform Day. For SC-932 is WEDNESDAY! Only the SASI or ASI may grant exceptions to this policy. All cadets will wear the uniform the entire school day from when the first bell rings until when the final bell rings dismissing Byrnes High School students. Students involved in work study, labs, or first/last PE, RD Anderson, classes must get an exception to the uniform wear policy from the SASI or wear the uniform as required.

5.2.1. Cadets will wear the service dress uniform when directed by the SASI through the Cadet Corps Commander. On the mandatory uniform day, cadets will wear the uniform combination prescribed by the Cadet Commander/SASI/ASI. Cadets will have the option to wear a higher class uniform except class A, which will only be worn when directed. Cadets will be inspected on uniform wear and personal appearance on uniform days using an inspection sheet.

5.2.2. Cadets will wear the service dress uniform during all military base visits (i.e. on CIA trips) unless the planned activities require other clothing requirements.

5.2.3. Each cadet will ensure that the uniform is ready for inspection on the designated uniform day or for other mandatory uniform formations. PLANNING AHEAD is the key. Assemble the uniform, iron shirts, and polish shoes well in advance. "The uniform is in the cleaners, is too small, or I'm missing uniform items" are not excuses for not wearing the uniform. If cadets report without wearing the uniform, and they do not present an excuse to the SASI/ASI stating why they are not in uniform they will receive a zero for not wearing the uniform. If cadets are absent and excused in accordance with school policies, there is no penalty if the cadets make up the missed uniform wear. This will be done the day they return.

5.2.4. Unexcused absences or failure to make up the missed uniform day will result in a report card score of 59 for the semester. Cadets will wear the uniform on the day they return to school for the entire school day, and will be inspected to receive uniform credit. Failure to make up missed uniform wear will result in a failing course grade. The SASI will consider disenrollment after three failures to wear the uniform during any semester.

5.2.5. Cadets will not mix uniform and civilian clothing. If they have a legitimate reason not to wear the uniform or any uniform item due to temporary medical conditions, they must present medical documentation and receive a SASI waiver.

5.2.6. While in uniform do not perform labor, engage in sport activities, or do anything that would degrade the uniform. Further, questionable behavior in school or in public while wearing the uniform creates an unfavorable impression of the AFJROTC program, Byrnes High School, and the United States Air Force. Conversely, proper conduct and pride reflects favorably upon the cadets and enhances the corps image throughout the community. Thus, wear the uniform PROUDLY and constantly strive to present a neat, clean, and well-groomed appearance at all times.

5.2.7. Cadets in uniform will not show ANY public display of affection.

5.3. Uniform Wear Procedures. Weekly wear of the AFJROTC uniform is intended to provide practical experience in grooming, behavior, and personal appearance. Cadets are required by **FEDERAL LAW** to

wear the uniform on the day specified as “**UNIFORM DAY**” each week and on other special occasions. Your issued service dress uniform must be worn when directed by the SASI/ASI. Uniform combinations are as follows:

Class A is service dress uniform.

Class B is long sleeve shirt with tie.

Class C is short sleeve shirt with tie.

Class C Modified is short sleeve without tie.

5.3.1. You will be graded on your appearance on all inspection days. Categories will include uniform appearance and condition, cleanliness, placement of insignia, condition of shoes, military bearing, hair and grooming. It is **YOUR** responsibility to ensure that your uniform is available and in inspection condition the designated uniform day.

NOTE: If the Instructor determines, during an inspection, that the uniform is soiled, the cadet will receive **NO CREDIT** for that day’s inspection and will have to make up the uniform wear after the uniform is properly cleaned. You will receive a **zero** on your inspection grade.

5.3.2. Major uniform violations will require immediate change or correction. Parents/guardians will be notified and a change of clothing will be made available. Examples include forgetting the hat, wrong color or wrong length socks, crew neck tee shirts, and missing ties. Cadets with an unexcused uniform wear violation on uniform day must make up that uniform wear by the next uniform wear date or they will receive another **zero** for each uniform wear date until the missed uniform wear is made up.

5.3.3. Unauthorized wear of the uniform or distinctive items of the uniform is prohibited by Federal Law.

5.3.4. On “Uniform Day” cadets will change out of uniform as soon as returning to home. Cadets will not change out of uniform just to change into civilian clothes to ride the bus home. Cadets must ensure the uniform is properly cared for after removal (e.g., do not roll up the uniform and “stuff” it into your backpack). The AFJROTC uniform will not be worn at work or any place that may bring discredit on the United States Air Force.

5.3.5. Cadets who must change from the uniform for health or physical reasons will notify the AFJROTC instructor in advance. A note from a physician must be presented to excuse the wear for that uniform wear date.

5.3.6. On “Uniform Day,” the **uniform will be worn for the entire school day to receive credit**. Cadets must have permission from the SASI or ASI to change out of the uniform early and still receive credit. Early dismissals for medical appointments or athletic events are typical of the exceptions that may be made if discussed with the SASI or ASI in advance. Cadets who change out of the uniform during the day without permission will be in violation of the cadet code of conduct, and receive a **zero** for the day. This will require a uniform wear makeup.

5.3.7. The SASI establishes policy on uniform wear and makes decisions on uniform wear credit. Each instructor adjusts each cadet’s leadership grades for uniform wear as appropriate and will submit referrals to administration if uniform violations, refusal to wear, or indifference to training occur.

5.4. Uniform Requirements For Male (M) And Female (F) Cadets. Male cadets will wear appropriate undergarments, including a plain white undershirt and black crew socks, while in uniform. Female cadets will wear appropriate undergarments, including a plain white undershirt, that present a conservative appearance and are not exposed to view. Male/Female (M/F) The flight cap is worn slightly to the wearer's right with the vertical crease of the cap in line with the center of the forehead, in a straight line with the nose. The cap extends approximately 1 inch from the eyebrows in the front. No hair will show below the front of the flight cap when properly worn. The flight cap will be worn to and from school (anytime outdoors). When not worn tuck under the belt on the wearer's left side, between the first and second belt loop; flight caps will not be folded over belt. Females are authorized to wear male flight caps. (Cadets should place their name inside their hat with masking tape to assist with the recovery of lost hats.)

5.4.2. Belt. Male: The belt is threaded through the loops to your left. Female: The belt is threaded through the loops to your right. (M/F) When buckled, only the silver tip of the belt should show past the silver buckle; no blue fabric shows. The belt buckle should be free of scratches and finger prints. See Attachment 9.

5.4.3. Shoes. (M/F) The shoes will be laced to the top and tied securely. They will also be shined to a **high gloss** at all times. The soles of the shoes should be edged to present a professional appearance. Only authorized black shoes will be worn. (F) If commercially purchased shoes (black pumps) are worn, they must be plain, black, without ornamentation, with no more than a two-inch heel (no platforms). Black pumps are appropriate for formal wear. **Note:** Corfram military shoes will not be worn.

5.4.4. Socks. (M/F) Socks must be **black ONLY**, crew style. **No** ankle socks. Socks will be without ornamentation.

5.4.5. Shirt. (M/F) The short sleeve blue shirt is worn with an open collar or necktie/tab as prescribed by the SASI. **The long sleeve shirt is always worn with a necktie or tab.** The shirt will be buttoned all the way down the front with the shirttail pulled down into the trousers tightly and tucked at the sides to make it nearly form fitted, with the gig-line aligned. The only creases on the shirt are down the sleeves. See Attachments 5, 7, & 9.

NOTE: A pen or pencil may be carried in the shirt pocket if it does not show or interfere with the flap being buttoned and lays flat against the chest. Bulky items i.e. glasses will not be carried in the shirt pocket.

5.4.6. Slacks. (M/F) The blue trousers are polyester/wool and **will be dry cleaned only (not washed)** as necessary. The bottom of the trouser legs will touch the shoes with a slight break in the crease. The left-rear pocket of the male trousers will be buttoned at all times, and articles carried in the pocket will not be visible. When placing the trousers on a hanging, the seams will be matched.

NOTE: The AFJROTC department will make initial alterations to the uniform. Repairs and alterations can be made as necessary as determined by SASI/ASI. Cadets *will not* alter their uniform items.

5.4.7. Dress (Service) Coat. (M/F) The uniform coat is also polyester/wool and will be cared for in the same manner as the trousers. The outside pockets of the coat are purely decorative, and nothing should be carried in them. The dress coat may be removed in the classroom or in the cafeteria and placed carefully over the back of the chair. **The dress coat will never be removed or unbuttoned in the school halls.**

5.4.8. Necktie/Tab. (M/F) The necktie/tab will never be loosened when worn. It must be worn with the long sleeve shirt; optional with the short sleeve shirt unless worn with service coat. Air Force authorized tie bars and tie tacks may be worn.

5.4.9. **Windbreakers.** (M/F) Windbreaker jackets are optional wear items and may be worn at any time that the Class A is not specified. Each windbreaker jacket is issued with a liner. When worn, the windbreaker will be zipped up at least half way. The windbreaker will not be worn during uniform inspections or during any event where the dress coat is more appropriate or its wear is specified by the SASI. Cadets who cannot be fitted with a service coat may wear the windbreaker as an outer garment at any time with cadet grade insignia on left and right lapel.

5.4.10. **Gloves and Scarf.** (M/F) Gloves/scarves are an optional item and may be worn with any outer garment during cold weather. They will be **black ONLY**. They must be plain without ornamentation, design, or zippers.

5.4.11. **Laundering.** Long and short sleeve blue shirts should be laundered and pressed.

5.4.12. **Shirt Sleeves.** At no time will the sleeves of the long sleeve blue shirt be rolled up.

5.4.13. **Semi-Formal Attire.** A plain collar white shirt (no collar buttons/pleats) with the issued herringbone necktie will be worn with the blue uniform (coat and trousers) on formal occasions such as a military ball. See Attachment 12.

5.5.4. The “gig” line is the line formed by the shirt, the belt buckle, and the fly of the trousers. These should always be in line. Check it frequently throughout the day. See Attachment 9.

5.5.5. Trim loose strings (otherwise known as “Unauthorized Lanyards”) and frayed seams on the uniform.

5.5.6. Replace missing buttons promptly. A large safety pin is a valuable tool for such emergencies. Buttons on the dress coat are oxidized silver as are most of the insignia. Do not attempt to shine either buttons or insignia.

5.5.7. Never place any article, especially the flight cap, under the shoulder epaulet of the dress coat or windbreaker.

Chapter 6 Appearance Of Cadets

6.1. General Appearance Of Cadets. AFJROTC cadets must constantly strive to present a neat, clean, and well-groomed appearance. Any major grooming standard violation while in uniform will require immediate correction. Cadets in uniform will not report to class in violation of dress code (needing haircut or shave). Parents/guardians will be notified of the violation and a change of clothing will be made available if not corrected. For more information refer to Air Force Instruction 36-2903.

6.1.1. Male Cadets.

6.1.1.1 Men's Hair. Hair will be clean, well-groomed, present a professional appearance. Will *not* contain excessive amounts of grooming aids (e.g. gel, mousse, pomade, or moisturizer), appear lopsided, touch either eyebrow, or end below an imaginary line across the forehead at the top of the eyebrows that is parallel to the ground. If applied, dyes, tints, bleaches and frostings must result in natural hair colors. Examples of natural hair colors are brown, blonde, brunette, natural red, black or grey. Prohibited examples (*not* all inclusive) are burgundy, purple, orange, fluorescent or neon colors.

6.1.1.2 Hair-Male. Tapered appearance on both sides and the back of the head, both with and without headgear. A block-cut is permitted with tapered appearance. Hair will not exceed 2 inches in bulk, regardless of length and ¼ inch at natural termination point; allowing only closely cut or shaved hair on the back of the neck to touch the collar. Hair will not touch the ears or protrude under the front band of headgear.

Chapter 7 Cadet Conduct, Military Courtesy, and Operational Procedures

7.1. General Conduct. Correct conduct will be observed at all times by all cadets to reflect positively upon themselves, their parents/guardians, their school, the Cadet Corps, and the United States Air Force.

7.2. Classroom Conduct. Classroom instruction will begin with the cadets standing beside/behind their desks until the instructor/flight commander gives the command “Take your seats.” Cadets will be at “parade rest” while roll is being taken. As his/her name is called each cadet will come to a position of “attention,” respond with “Here, Sir/Ma’am,” then resume the “parade rest” position after the next cadet’s name is called. Promptness is an objective of this program and cadets will be expected to be at their desk before the late bell rings. Tardiness is a violation of the Byrnes High School/Byrnes Freshman Academy handbook and will not be tolerated. Classroom instruction will be conducted with all students at ease. Anytime school announcements are made the cadets will be at the position of parade rest unless specified by the instructor.

7.2.1. Cadets will call the classroom to attention when their instructor enters the classroom at the start of the class or start of the extracurricular activity.

7.2.2. Cadets will not slouch in their seats, put their feet on other desks, or be inattentive to instruction. Cadets will never sit on desk tops.

7.2.3. Cadets will not chew gum in the classroom.

7.2.4. Cadets will not sleep while in the classroom. A cadet who cannot stay awake may, at any time, stand at the back of the classroom at the position of parade rest until he or she can remain awake. Cadets with their heads down on the desk at any time are considered asleep and you will receive a zero for the day.

7.2.5. Classroom distractions will not be tolerated. Conduct and attitude that does not meet the standards of the AFJROTC program will result in disciplinary measures or a loss of privileges, e.g. field trips, promotions, LDR participation, military balls, flights, etc. Cadets whose conduct and attitude adversely affect the class continuously will be recommended for disenrollment.

NOTE: Personal restroom breaks are considered a distraction.

7.2.6. The flight will be called to attention any time a principal, school administrator, Air Force Officer, or special guest enters the classroom. The first cadet seeing these individuals should call the flight to attention. The flight should be called to attention if the SASI enters the classroom while the ASI is teaching.

7.2.7. Cellular phones will not be on or visible during JROTC activities. Once entering the classroom they will be off and securely stored in a purse or book bag.

7.2.8. Due to safety, flip flops, sandals, or high heels (no open toe or strapless shoes) are unauthorized footwear for drill and wellness. If worn you must have a change of appropriate footwear. Cadets without proper footwear will be unable to participate in wellness or drill and will receive a zero for the day; continuous violations will result in referral for refusal to obey.

7.2.9. The use of electronic devices such as cell phones or mp3 players is not authorized in the AFJROTC classrooms or during wellness, and community service without specific instructor approval.

7.3. Inappropriate Behavior. Inappropriate behavior in or out uniform is prohibited. Such inappropriate behavior includes but is not limited to profanity, consuming alcohol, drug use, tobacco use, overly affectionate contact IAW the school handbooks, public display of affection (PDA) while in uniform, insubordination, disrespect, verbal threats, horseplay, physical attacks, fighting, and bullying. Initiating a fight will be just cause for a recommendation for immediate removal from the AFJROTC program. All inappropriate behavior can be classified as “conduct unbecoming an AFJROTC cadet.”

7.4. **Harassment.** Harassment of any cadet by anyone of any rank is strictly forbidden. Misuse of authority may result in loss of position, rank, or possible disenrollment from the program. Examples of harassment are improper or abusive language, requiring a lower ranking cadet to carry your books, and physical abuse such as pushups, or having a lower ranking cadet perform personal (non-offensive) duties for you.

7.5. **Use Of Rank Or Seniority.** Cadets will not attempt to use AFJROTC rank or position in order to obtain personal favor or gain. They will never ask a teacher to make concessions because of their cadet status. Cadet rank exists only when taking part in authorized AFJROTC activities. Cadets will avoid inappropriate relationships that present the appearance of fraternization.

7.6. **Hazing.** Hazing is defined as, “the practice of directing someone of lesser rank to perform a humiliating action, which entails the surrender of dignity and self-respect, or a hazardous action which exposes one to physical injury or bodily harm.” Requiring cadets to perform push-ups or any other physical activity as punishment is forbidden. Hazing is strictly prohibited.

7.7. **Cadet Officer/NCO Authority.** Cadet officers and non-commissioned officers (NCOs) are authorized to take charge and direct subordinate cadets in performance of AFJROTC leadership training. They will judiciously enforce military discipline at all times and will never demean, belittle, harass, or use profane or obscene language. Proven abuse of authority will result in immediate demotion of the cadet.

7.8. **Secret Organizations.** Cadets are prohibited from organizing or holding membership in secret or illegal organizations. Such organizations are frequently devious, divisive, and/or discriminatory.

7.9. **Classroom Rules.** All cadets will follow the classroom rules listed in the Byrnes Student Handbooks. Additionally, cadets in this program will follow general classroom procedures that are more military in nature. It is these differences that make this program so unique. The following standards of conduct will be strictly enforced to bring pride and honor to SC-932:

7.9.1. No food or drinks will be consumed in the AFJROTC classroom without special permission from the AFJROTC instructor.

7.9.2. Cadets will not chew gum.

7.9.3. Arguing among cadets in the classroom or at any AFJROTC activity will not be tolerated.

7.9.4. Profanity of any kind will not be tolerated.

7.9.5. Cadets will not write on desks, walls, or furniture.

7.9.6. The classroom should be kept clean at all times. Flight Cadre will monitor the condition of the classroom.

7.9.7. All desks, tables, and chairs will be aligned neatly at all times.

7.9.8. Bathroom breaks will be made before or after class.

7.9.9. If you arrive after class has started, you will knock on the door once, enter in a sharp military manner, face toward the SASI, ASI, or Flight Cadre who greets you, render a sharp military salute, and state: “**Sir (or Ma’am), Cadet (rank and last name) requests permission to join the flight, Sir (or Ma’am).**” Proceed to your seat by walking to the back of the room.

7.9.10. Cadets who need to speak with the SASI in his office should report in a military manner. Proper military reporting consists of: one sharp knock on his door, enter after being asked in, remaining two paces from desk, salute, and state: “Sir, Cadet (last name) reporting” or another appropriate comment. The cadet reporting holds the salute until it is returned or otherwise acknowledged by the SASI. After the meeting is completed, the cadet again salutes and holds it until returned by the officer, then turns sharply and leaves the room.

7.9.11. Reporting to the ASI is not required, but cadets should knock and ask permission to enter and speak with the ASI. Instructor offices are off limits to cadets at all times unless the instructor is in the office and appropriate AFJROTC business is being conducted.

7.9.12. No talking is permitted during lectures unless the SASI or ASI asks for a response. Cadets who wish to ask questions or make statements should raise their hand and be recognized by the instructor. During open discussion periods cadets should be courteous and speak one at a time.

7.9.13. The supply rooms are OFF LIMITS to all cadets unless granted permission to enter by the SASI or an ASI.

7.9.14. Proper standards of cadet uniform wear, conduct, and appearance will be enforced at all times.

7.9.15. When seated book bags and purses will be placed neatly in a designated area of the room.

7.9.16. Damage to any and all equipment (Byrnes High School, AFJROTC and personal) will result in payment for damages caused.

7.9.17. Classrooms that are open before school and after school are for official use only.

7.10. **Weather.** The AFJROTC program includes both indoor and outdoor activities. On occasion, weather conditions may present a potential safety hazard to cadets. To minimize the risks, the following safety considerations will be observed:

7.10.1. **Thermal Index.** Heat and Cold injuries can result when individuals are exposed to extreme temperatures. For high temperatures the following Flag conditions exist based on Wet Bulb Globe Temperature:

	Temperature		Moderate Work	Hard Work
STAGE	Range	Flag Color	Work/Rest Cycle	Work/Rest Cycle
1	78 - 81.9 F WBGT	No Flag Required	No Limit	40/20 min
2	82 - 84.9 F WBGT	Green	50/10 min	30/30 min
3	85 - 87.9 F WBGT	Yellow	40/20 min	30/30 min
4	88 - 89.9 F WBGT	Red	30/30 min	20/40 min
5	90 F WBGT and higher	Black	20/40 min	10/50 min

(Based on AFPAM 48-151)

For cold temperatures the following guidelines apply:

- Temperatures below 32 degrees Fahrenheit: No extended outside activities. Cadets may transit outside from one indoor location to another.
- Temperatures between 32 and 40 degrees Fahrenheit: Limit outside activities to 20 minutes or less. Proper attire is required. Be observant for possible hypothermia symptoms.

- Temperatures between 41 and 50 degrees Fahrenheit: No time restrictions. Cadets will wear proper cold weather attire. Be observant for possible hypothermia symptoms.

7.10.2. **Precipitation.** Cadets will not participate in outdoor activities during periods of precipitation. Cadets may transit outdoors between indoor locations with proper attire.

7.10.3. **Lightning.** Cadets will not go outside when lightning is reported within 7 miles. Cadets already outside will move indoors immediately when lightning occurs.

7.11. **Road Guard Procedures.** When flights have a requirement to cross highways at locations other than a traffic light, the flight commander will appoint two cadets to serve as road guards. Road guards will wear the orange safety vest for duty.

7.11.1. **When crossing a road the flight commander will:**

- Halt the flight prior to entering the roadway
- Ensure the roadway is clear of traffic
- Check with the instructor for permission to proceed
- Deploy the road guards with “**Road guards – post!**”
- March the flight across the roadway

7.11.2. **At the command to deploy, road guards will:**

- Check both ways for traffic
- Run out to the center of the roadway lanes – one facing traffic from the left, the other facing right
- Go to parade rest with the right arm extended forward, palm facing out
- Monitor oncoming traffic to ensure vehicles are stopping – notify the flight immediately if there appears to be a hazard
- Rejoin the flight when the last cadet in line passes
- **The last individual in the formation will tap the road guards on the shoulder to let them know the formation is past their position.**

Chapter 8 AFJROTC Grading System And Promotions

8.1. Graded Material. The AFJROTC curriculum consists of an introduction to military history, general Air Force information, leadership, communication, life skills, and selected aeronautic material. Academic and leadership studies will comprise forty percent of each cadet's learning experience, while leadership performance, to include attitude assessment, military bearing, drill and ceremony, acceptance of responsibility, community service, and instructor evaluation, comprises another forty percent. The remaining twenty percent is derived from the cadet's participation in the AFJROTC Wellness Program. Honors courses will include a greater degree of academics, research and management projects, with significant emphasis placed on leadership performance.

8.2. Grading System. A cadet's nine-week and semester grades represent an average of the accumulated scores earned for class assignments, daily performance, quizzes and tests, uniform inspections, management/leadership projects, wellness participation, and drill proficiency. Each graded area is weighted as follows: Computed in the semester final average is the final exam.

Academic and Leadership Studies	40%
Leadership Performance	40%
<u>AFJROTC Wellness Program</u>	<u>20%</u>
80% of semester grade	100%
Final Exam 20% of semester grade	20%
Averaged = Semester Grade	

8.3. Promotion Criteria. Promotions are based on overall performance and demonstrated leadership ability. Areas considered in the promotion process are: academic achievement (minimum of 80% score), personal appearance and uniform wear (no uniform grade below 18), personal conduct, participation in the wellness program (no failing grades), and, for enlisted ranks, a passing score on the rank appropriate promotion examination. For promotions beyond c/Airman cadets must participate in extracurricular events outside of school hours during the promotion period (e.g. Drill Team, Orienteering, parades, special community events). Cadets must receive an instructor's recommendation and their Flight Commander's recommendation to be considered for promotion. If a cadet is assigned In School Suspension, Out of School Suspension, Principal's Detention, or any other form of punishment during the present promotion period, they are ineligible for promotion consideration (extenuating circumstances will be considered by the SASI).

8.4. Promotion System. Two types of rank are assigned to cadets: permanent and temporary. Permanent rank is based on the number of successfully completed years in the AFJROTC program. Increases in temporary rank may be earned from appointments to key positions in the Corps, or as a cadet demonstrates proven performance. The following temporary rank promotion limits apply to each school grade as follows:

<u>School Grade</u>	<u>Maximum Temporary Rank</u>
Ninth	Cadet Staff Sergeant
Tenth	Cadet Senior Master Sergeant
Eleventh	Cadet Major
Twelfth	Cadet Colonel
<u>School Grade</u>	<u>Maximum Permanent Rank</u>
Ninth	Cadet Airman
Tenth	Cadet Airman First Class
Eleventh	Cadet Senior Airman

Note: Cadets who previously earned temporary rank that exceeds the above limits will retain their earned rank and will not be demoted to meet maximum rank limits.

8.5. Promotion Frequency. Cadets may be considered for promotion up to two times each semester. Promotion boards are conducted each grading period (i.e., first board follows the first mid-nine week reporting period and the second board follows the second mid-nine week reporting period). Cadets who “double block” are subject to the grade limitations listed above. Not all temporary ranks are considered for promotion each board.

Promotions are not automatic; rank is awarded only through demonstrated leadership ability and dedication to the AFJROTC Program. Officer promotions are based on grade level and available positions.

Note: Cadets who distinguish themselves through superior performance may be awarded an additional promotion. This is called a STEP promotion – Stripes for Exceptional Performers.

8.6. Notification Of Promotion. Following each promotion board, the SASI will publish a promotion order identifying cadets selected for promotion, their new rank, and effective date of rank.

Chapter 9 Saluting Procedures

9.1. **Purpose.** The salute has been a tradition in the military for centuries. It is a courteous greeting exercised within the military profession. It is considered a symbol of respect. In the Air Force, as in most services around the world, enlisted airmen salute all officers, and lower ranking officers salute only their superior officers. The lower ranking enlisted/officer always initiates the salute.

9.2. **Saluting Procedures.** Cadets will be taught the proper hand gestures for saluting and the rules which govern its use among the military services. There are special rules for saluting at Byrnes High School that each cadet must learn. Cadets will salute all military officers when on field trips to military installations. Cadet Officers and NCOs should correct saluting violations in a courteous and helpful manner.

9.2.1. All cadet officers should be saluted outdoors. Saluting off campus when in uniform is a sign of mutual respect. Cadets are not required to salute senior ranking cadet officers when they are in an automobile.

9.2.2. The SASI will be saluted outdoors, when reporting the class ready for instruction, and before entering his office on AFJROTC business (see 7.9.10.). It is not required to salute the SASI when he is in an automobile. All ASIs will be saluted when reporting the class ready for instruction.

9.2.3. The salute is rendered indoors only when cadets are participating in ceremonies or reporting to the SASI or cadet officers.

9.2.4. When a cadet is reporting to a formation, he will approach the cadet or person in charge, salute if the cadet in charge is a senior officer and state, "Sir/ma'am, Cadet (Last name) requests permission to join the formation/flight."

9.2.5. If a cadet in uniform observes the American flag being raised or lowered from any flag staff, he will assume the position of attention, salute, and hold it until the flag has been completely raised or lowered. If the cadet is in civilian clothes, he will assume the position of attention and place the right hand over the heart. If a cadet in civilian clothes is wearing headgear, he will remove the headgear with the right hand and hold it at the left shoulder with the right hand over the heart.

9.2.6. If a cadet in uniform is outdoors and the National Anthem is being played, the cadet will come to attention, face the music or flag, and present arms until the music ends. If indoors, the cadet will stand at attention but not salute. Cadets in civilian clothes should stand at attention with their right hand over their heart and face the flag/music when the National Anthem is played outdoors. During the Pledge of Allegiance, cadets in uniform stand at attention but do not salute. Cadets not in uniform should place their right hand over the heart during the pledge.

Chapter 10 Cadet Group Organization

10.1. **Cadet Organization.** The SC-932 AFJROTC Cadet Group will be organized in accordance with AFJROTC directives. A current **organizational chart will be published each semester.**

10.2. **Unit Manning Document.** A Unit Manning Document (UMD) will be used as a guideline for cadet positions and rank authorizations. See Attachment 19 for the UMD.

10.3. **Cadet Appointment And Rotation Of Duties.** Air Force directives state that the Senior Aerospace Science Instructor (SASI) will select the cadet chain of command and establish rotation and promotion policies. Cadets should experience ever-increasing rank and responsibility if performance, attitude, and leadership ability warrant such advancement. Cadet positions are rotated each semester; however, it may be necessary to leave certain cadets in positions longer. Special promotions may be made by the SASI in order to fill a need or to recognize special merit.

10.4. **Cadet Selection Criteria.** Cadets will not be selected for leadership positions based on gender, ethnicity, or pure academic standing. Attitude and performance have always served as the measuring tools for placing cadets in leadership positions.

10.5. **Cadet Staff Meetings.** The Cadet Group Commander will conduct a staff meeting for his key officers as required. This will be a mandatory meeting for those staff members designated by the Cadet Group Commander.

10.6. **Demotion Criteria.** Cadets who are unwilling or unable to perform the duties required, or clearly show that they do not intend to accept all the responsibility associated with a position will be removed from that position and awarded the appropriate permanent rank.

10.7. **Permanent And Temporary Rank.** Cadets will wear the permanent rank assigned to their AFJROTC academic year when not holding a position which calls for higher (temporary) rank. Temporary rank will be awarded by the SASI based on the position to which a cadet is assigned. Temporary rank will not automatically be carried over from year to year, and it may be changed any time due to position changes, special promotions, unsatisfactory performance, or demotions.

NOTE: Cadet rank may be removed at any time by the SASI for undesirable behavior or a lack of adherence to AFJROTC standards.

10.8. **Assignment Of Rank.** When assigned to a position, the cadet may not be awarded the highest temporary rank authorized by the UMD. Cadet performance will be monitored for a period of time before the cadet is promoted to the highest rank authorized, as determined by the SASI.

Chapter 11 Cadet Corps Positions

11.1. Position Assignments. Upper class cadets may be assigned positions of responsibility in the Cadet Group so that they can develop leadership ability, teamwork, organizational skills, and self-discipline. Rank is awarded commensurate with the level of responsibility of the position. Each cadet is expected to perform the responsibilities and duties of the position to which he is assigned. All duty positions on the cadet staff will be selected by the Cadet Group Commander. Flight positions will be selected by the appropriate instructor. The basic duties of the key positions follow:

Chapter 16 Coin Challenge

Participation in this program is voluntary.

16.1. The tradition of a challenge is the most common way to ensure that members are carrying their registered coin. The tradition of the coin challenge is meant to be a source of morale in a unit; beware, a challenge can cause different effects—win the challenge your morale soars, lose the challenge, morale of others soars.

16.2. RULES OF ENGAGEMENT

16.2.1. A participant **MUST** register their coin before participating in a coin challenge. Each flight will designate a Sergeant at Arms (SA) who will keep a binder with the name of participants and coin descriptions.

16.2.2. Authorized challenge coins may be any military organizational coin, a souvenir coin, old currency coins (silver dollars, silver half dollars) or any coin an instructor authorizes.

16.2.3. A challenge is made by a challenger placing his/her coin intentionally on any flat surface or unintentionally on a flat surface or dropped (dropped coins do not need to be still, stopped spinning, or flat.)

16.2.4. The participants must produce their coin within 30 seconds of a challenge without leaving the room.

16.2.5. Any participant(s) unable to produce their registered coin will buy all participants present a drink/soda of the challengers/losers choice. A drink is classified as a purchased item (CapriSun, sodas, Hi C, etc.)

16.2.6. If everyone being challenged produces their coin, the challenger must buy the drinks/sodas for all the registered participants only.

16.2.7. Failure to buy drinks is a despicable crime and you will be removed from all future coin challenges. One week to pay up. The SA will keep record of all coin challenges.

16.2.8. Coin challenges are only allowed with prior instructor permission. Any and all unauthorized coin challenges will result in the challenger to buy drinks for all registered participants.

16.2.9. Only one coin check per 24 hours while on field trips. This will give participants who have lost or misplaced coins a chance to purchase and reregister the new coin.

16.2.10. All disputes will be decided by the **lowest** ranking cadet!

Attachment 23 Air Force Song

*Off we go into the wild blue yonder,
Climbing high into the sun;
Here they come zooming to meet our thunder,
At 'em now, Give 'em the gun!
Down we dive, spouting our flame from under,
Off with one helluva roar!
We live in fame or go down in flame. Hey!
Nothing'll stop the U.S. Air Force!*

***Brilliant minds** fashioned a crate of thunder,
Sent it high into the blue;
Valiant hands blasted the world asunder;
How they lived God only knew!
Boundless souls dreaming of skies to conquer
Gave us wings, ever to soar!
With scouts before and bombers galore. Hey!
Nothing'll stop the U.S. Air Force!*

*Here's a toast to the host
Of those who love the vastness of the sky,
To a friend we send a message of the **brave who serve on high.**
We drink to those who gave their all of old,
Then down we roar to score the rainbow's pot of gold.
A toast to the host of those we boast, the U.S. Air Force!*

*Off we go into the wild sky yonder,
Keep the wings level and true;
If you'd live to be a grey-haired wonder
Keep the nose out of the blue!
Fly to fight, guarding the nation's border,
We'll be there, followed by more!
In echelon we carry on.
Oh, nothing'll stop the U.S. Air Force!*
