My Start and Awakening ~

My earliest Cognizance of Divine Connectivity was when I was 2 years old. It was then, that my life would begin to unfold into a sequence of patterns that I did not understand. I remained in the mystery of it all, and began living a life-long search to understand what was happening to me.

My First Encounter ~ At 2 years old, and every night to follow for a long time, I would awaken from a Vision that I was witnessing. I was in a Wave of Frequency in a blackened void, watching a Silver String with a hovering and rotating Golden Spiraling Sphere. This Sphere would spin over and over, until it's speed was far greater than light itself, and then I witnessed this ball burst, birthing billions and trillions of Light Stars, and then I would Wake Up. I was so young and afraid. I would awaken my parents crying and terrified, and they would rock me back to **Sleep**, only for this to happen again and again. This turned into a recurring dream that would eventually become my **Awakening**.

I always felt different from others around me, though never knew why, it was just a feeling I had, and could never explain it. As years began to pass, I would envision many things that others around me couldn't. I began to go inwardly and think that something was wrong with me. I was never a person to speak up and use my voice, or share stories to my family or friends of what I was feeling, seeing or sensing. I felt like the black sheep, lost and alone for many years. This lost feeling filled my embodiment with fear and illusions.

I knew that my eyes were seeing things around me that others were not. I would have looping and repetitive dreams, premonitions, out-of-body travels to places that I didn't know existed. I would play in my room for hours, communicating with the spirits, pretending I was playing with my dolls. I was sitting in a classroom learning things, as this is where I felt most comfortable.

I witnessed past, present and future over and over, with one Déjà vu after another. Then around the age of 6 or 7 years old, I began to see and hear the voices of dead people, mostly relatives that had transitioned before I was even born, so I did not know who they were, which made it even scarier for me. Once again, I couldn't speak aloud, I was frozen with fear, and continued to keep these stories pent up and swelling inside of me.

Entering into my early teens, still not really understanding what a psychic or medium was, I taught myself to become very distracted with comedy relief and playing around thinking it would go away . . . but it stayed. In the beginning, I did not have access to people, books, teachers, insight or knowledge to help me discern what I was going through. I spent most of my teen years just trying to be normal. I endured many difficult and challenging times, just simply trying to live this life.

Fast forward ~ My life was now living in the fast lane, and still trying to figure out these gifts I was born with. I had multiple jobs, lost multiple jobs, married, divorced, and basically lived a daily life of an average earthly being trying to **Survive**.

Life began to change again, when I became pregnant for my second child. It was during her delivery that things began to go astray. My body weakened, and the birth of my baby was a close call. She ended up in ICU for 10 days clinging to life. It was then, I knew that these Gifts that I had been given, was to help me in the most desperate times of my life. As a devotee to the Divine Mother Mary, I prayed and prayed to keep my baby alive. It was in the middle of the night, when I was all alone, desperate and sorrowful, that Mother Mary appeared to me in a vision. She began to show me things that I had witnessed over the years of my life, like a movie being played out before me. She explained to me that my gifts were to be used with guidance and love, support and service to others, that they weren't meant to

be hidden, dormant and secretive. She showered me with the most beautiful light that I had ever seen, and graced my baby and I with a renewed life. She would teach me things that would further advance me, and enhance me through light activations. She said my baby would survive and grow to be healthy and whole. I made a promise that I would begin to bring forth what I knew and to share with others, and to begin to let go of the past troubles and live life to the fullest that I could. She shared with me that it would take time. I was still **Learning Lessons**, and there would still be **challenging times ahead** of me during my transitioning years. Here I am, 31 years later, I remain humble and grateful to my Divine Teacher Mother Mary, who has guided me and supported me throughout my entire life.

Seemingly, I got over this **Hump of Heaviness** and life was moving me forward. I eventually moved west to Arizona, and began what I felt was, a new life. It was here, where I began to **Feel the Energies** of my Gifts getting stronger, and yet at the same time, ***Life was starting to deal me some strange cards again.*** Enduring some Encounters of the Strange kind, I began to discern that there were multiple lessons in my life still playing out, looping and or still needing to be released. I continued my Self-Study in a Spiritual Quest to discern and understand my gifts.

One day I woke up to an illness in my body, thinking *oh no*. I dug deeper into the healing modalities of what I knew. Then I studied and became a **Reiki Master & Teacher**, and for over a decade I would practice on myself and try to heal. The more I practiced the more my Gifts began to awaken from a long sleep. In the beginning, no one around me knew what **Reiki** was and thought it was strange, so once again, I felt I had to suppress my gifts.

Life was moving along, and I was healing and starting to peel back the multiple layers, and really for the first time in my life, I felt normal. I was in **Self-Acceptance**, and life was good.

Then. . . my life changed drastically, in a matter of seconds when I was involved in a car accident. Although I literally ‘walked’ away unscathed on the ‘outside’, my interior had multiple issues that would last for a long time. I had a short-term memory loss, and during this 12-month recovery time, is when so much began to happen.

My Gifts began to open wider, and the Energy was flooding in. I felt, saw and heard more than I ever had. I was in a stronger Connectivity to the Coded Frequencies that I was being uploaded with. I began to discern that the day I was in my car accident, was the day that I went through an “**Energetic Death**” process, and a **Memory Metamorphosis** to Birth a New Beginning.

And like the early years once laying in desperation while my baby was near death, and the Divine Mother appeared, So, she did again. Showing me that all would be good, and that once again **Lessons were being Learned**, and that I would become stronger, and life was about to **Change Drastically**. And boy oh boy was she right. I went through yet another Light Activation with her, as she strengthened my Mind and Body. I had been assigned as an **Emissary for Mother Mary** to bring forth **Messages** of Hope and Peace. I was also **re-activated** per se, to open my **Voice** as to **Sing Harmonics** through the **Light of the Angels and of Oneness** through **Light Language**. I have spoken the **Language of Light** as far back as I could remember, though I never really fully understood what it was or what I was saying, until all of this happened.

This Car Accident was my **Wake-Up** call. I wasn’t using my gifts the way they were intended to be. My awakened knowingness has shown me that my **Life Purpose**

is to utilize my Gifts and assist others with Spiritual Guidance as a Multi-Inter-Dimensional Frequency direct from Universe.

Now in the recognition of my abilities, I would begin a life-long **Practice of Serving others**. I learned early on, that I was being **Guided by the Ascended Master Mother Mary, my Spiritual Mother, Mentor, Healer and Teacher**. For over 50 years, I know that I have been Light Activated and Assimilated with Coded-Crystals to Amplify my Abilities, to use into my future, that has become my Present. Forever indebted to Mother Mary, I have Devoted **my Life in Service** to that of others, the same **Spiritual Teachings and Healings** that I have learned, and continue to learn.

As I began to understand these **Spiritual Methods, Medicines, Modalities and Formulas of Light**, I learned how to Transmute Negative Blocked Energy, as to then Streamline the Light throughout the Embodiment to heal. Today in my Healing techniques, I've learned how to use my **5-Vials of Clair** as **Tools** to utilize the Energy and to Transmit the **Light of Source**.

The Creation of 13MMM13 ~

Once I started my full time focus on **Helping Others Helping themselves**, I began to go out in public and bring forth Messages of Divine Guidance, Activations and Transmissions. Traveling and Servicing anywhere I was called too.

I Established my foundation as **Guided Hands**. With years in Service, the Spirit lead me to create a next level of opportunities, and built a type of portal through my website **11 Gifts of Grace**. As time continues to move us forward, I have now been asked to open a next Portal in the Creation of **13MMM13**. This is the **Sister-Site** to **Guided Hands**, as to provide Services to those willing to receive.

As One, we are continually Evolving in our Advancements and Abilities. Whether you are just beginning to Heal and/or are in the Awakening process, we are All in this **Co-Collective** Journey to find our Truths. We are Collaborating to Create a **New Earth**, and are in a conversion process from the **3rd Dimensional** Mattered body, to the **5th Dimensional Light-body**.

We are All in this **Ever-Evolving** and **Ever-Changing Energy Experience**.

Our journeys will continue to change through our Evolution until it is “our time’ to go home. Everything happens for a Reason and we are here, living in the greatest time on Earth to witness and Experience this new plan of Mastery, that is unfolding right here before us. Though it will take all of us to make this change, bringing Peace to Earth again.

I am one being, though inner-connected with all, just like you. Together we can make the difference. Step by Step, little by little we are **Climbing Mountains** to gain altitude in this Accession Process.

Thank you for bringing forth your **Majestic and Divine Devotion of the I Am**. You are One that **Knows as Knowers Do**, that it is Time.

Time to Remember, Awaken and Be Alive.

I offer to You my Love, Gratitude, Honor and Thanks, for ALL YOU do, and in Your Choice for this Continual **Self-Support** to Grow and Develop in the **Keys of Self Mastery**.
