“Caring For America”

Our goal for “Caring for America” is to encourage Republican women to show their compassionate and caring philosophy and that of the Republican Party of which they are proud to be an integral part. Our outreach is in the form of being directly involved in making people’s lives better and in assisting local and nation-wide programs that share that mission.

To achieve this goal, the National Federation of Republican Women created “Caring for America” in 1999 to encourage state federations and local clubs to be committed to looking for ideas within their state and communities to make a difference.

During 2018-19, NFRW clubs will strive to make a difference in organizations such as the Boys’ and Girls’ Clubs and other charitable organizations and in designated places such as shelters for the homeless and abused women, and so forth. Each local club will find a special project or projects within its area to make a difference. Oftentimes, acts of compassion are completed without publicity.

Each state federation and local club is encouraged to designate a “Caring for America” chair. The state should help the local clubs look for ways to be involved within their community by being a good resource when clubs are looking for a project that fits the qualifications of their members. Local clubs within a geographical area can decide to work together.

At the NFRW Biennial Convention, clubs will be recognized for their efforts in taking care of America. Forms are provided for each club to highlight its project(s). Each state will choose a project from each membership level (small, medium, large, mega + military) to represent its state. The NFRW Caring for America Committee will then have the privilege to select and award national winners.

All clubs are encouraged to participate, not for the honor, but to make a positive difference within their communities. Sharing their projects will encourage others to follow. Republican women, by their nature, are always aware of the needs of others. We care deeply about our country and community and know that by being involved in making a difference in the lives of our neighbors, we highlight the true values of the Republican Party and especially the values of being a Republican woman. We are the organization that can turn this country around since we are the ones who care about each individual and value each person’s unique qualities.

Please take time to look for ways to make our communities and our country better. We need to focus on helping youth realize how blessed they are to live in this country. Our young people are future leaders, but many feel there is no future for them. Republican women can change this. We can make a difference in these future leaders’ lives by engaging them in worthwhile projects.

The NFRW knows you are the BEST of the BEST. Together, we can make a huge change by truly looking for ways to show WE CARE ABOUT AMERICA!

Be involved! Make it meaningful and fun!

CARING FOR AMERICA AWARD
Official Report Form for Local Clubs 2018-2019

Submissions must be postmarked to your State Caring for America Chair or President by June 1, 2019.
