

# Words in the Night

Prophetic Poems and Words to America and the Church

I awoke dreaming about poems. I saw poetry coming into my mind. They were wonderful words that rhymed and spoke of God and his mighty works. I lay there thinking of what I had just heard, and seen when it dawned upon me that God had awakened me and wanted to talk to me. I looked then at the digital clock shining in the dark, it was 3:37 am. I thought to myself, all godly numbers, three for God, the three in one, and seven for perfection.

I quickly got out of bed and put on my clothes. Going into my office, and I immediately began talking to the Lord, and I heard Him say: "I am glad you have chosen to talk with me first, instead of going to your computer and fooling around, looking at email, etc. I have wondered if you think more of the computer than you do of Me.

Lately, instead of praying first, I have gone to the computer and looked at the email, and even read the news to see what was happening in the world. I have felt His disapproval as He expressed to me His feelings. "Why do you spend time with the computer instead of me?" For the last two or three nights, as I arose early in the morning, I have deliberately gone directly to Him in prayer. Each time He spoke to me some thrilling words.

This morning I heard POEMS coming into my thoughts. This is not the first time He has spoken to me in poems. It seems to be one of His favorite ways to speak. All in my mind began to rhyme like poetry, and I knew he was going to speak first in poems.

He said, "Sit down and write, I have a lot to say".

Here is what He said:

## 1. I AM YOUR GOD IN THE NIGHT

I AM your God in the night, when it is so dark in sin.  
I will arise and wash away all sin from your eyes.  
A nation that has forgotten me, into the night has wondered.  
Today they will arise, standing tall, without a hesitancy shining bright.

My Chosen Ones come from afar, rising up to become my stars;  
Shining so eternally bright will cause the darkness to flee.  
It has been so very dark, many have lost their way.  
But now they see your light so bright, ever shining for me.

Jesus

## 2. I AM THE ONE THE WORLD NEEDS

I AM the One the world needs not some earthly passion.  
But I know your souls do long to really shine.  
The world desires its fleshly things not fully knowing,  
But now they see through different eyes their surroundings.

See them fall and come up clean, washed ever so bright,  
They who sin have obscured My Light, yet will shine again.  
The enemy knows all those souls failing,  
But I arise in the night, cleansing them.

Jesus

### 3. MY GLORY WILL SHINE SO BRIGHT

Immortal men here below standing tall for me,  
Walk into the darkened world of sin shining for me.

You are the one, Oh fallen soul, crusted over in shame,  
To arise and plunder satans dreams; ending them.

You are my soldiers unknown to men now,  
Never knowing your worth until his hour.

I will take you from your place of sin,  
And cause you to be seen my men.  
My Glory bright will shine so bright, [in this night],  
Through this vessel cleansed from sin.

Men who often thought they knew,  
Never really saw me.

But these men, who never knew, will stand up and speak,  
The things the trained ones could never say.

My Glory they will reveal in earthly vessels,  
Clearly now the World will see.

From vessels that shine only by me, in this night,  
Rising they will from shadows low to walk with me in white.

No other men could take men so low, make them so highly speak,  
The wandering souls of many men, lost in the dark world below.

Seeing not the eternal light walk on, into the night,  
Yet these very ones will see and know the Glory of my rising.

For they themselves will rise to tell,  
Of the Glory of my Coming!

Jesus

### 4. I AM THE GOD YOU FORGOT TO SEEK

Distinction made by modern men, who think they are so wise,  
Really are worthless deeds...falling down?

Now their words of so-called wisdom fall upon deaf ears,  
Words alone can never do that powerful work men need.

See their earthly, elegant souls fall down as I arise to shine.  
I close their mouth of swelling words, to show the world true Light.

You will not know nor see me now; forever you will be cast out.  
Your wisdom from below has caused you to miss me now.  
Only those who never knew they could really know,  
These will truly understand and know me rising up in revelation light.

Heaven has come down to light their lips with heavenly words.  
Shout out into their world below heavenly words to help men.

I am the One and only One, who fully knows and understands.  
Because you really thought you knew, you really missed Me.

Where were you many years ago when I in wisdom shaped the world?  
Would you please let me know...where you really there?

How could you do such a thing as to think your really know Me?  
Lie as you have to many men, because you really have never known Me.

I am the Wisdom the world does seek, today many men are rising  
Into the light of my Glory bright; they fully know me.

Jesus

## 5. THE WORLD WILL SEE

I am the One flowing in your soul, causing you to see My Glory.  
I have you now in My Hands to write my poetry.  
The World will see and agree, you are not the one they hear,  
For I am talking through you, dear one,  
For all to see me clearly.  
Jesus

## 6. WILL YOU ALSO FOLLOW THEM?

Walking away into the night, the world walks without Me,  
Thinking but not thinking, they onward go forever without Me.

Will you also follow them now, or will you turn and walk away from their folly?  
Come to Me, Oh lowly soul; yes you who never knew me.

Yet you can know and live, oh soul; you can even see me,  
When in humble light you stand and see me.

I reveal Myself to lowly men who know they are insignificant...  
And only mere men. Jesus
