

HONEY

By John Lipinski

Honey, honey, honey, honey X 4, is hard to find
Honey, honey, honey, honey X 4, is on my mind

Was walking in the forest, overhead was a hive, enormous
The buzzing made tummy start to growl
Now, Piglet, Eeyore and Rabbit, know I'm about to have a banquet
And to make that happen, I need to find Owl

He was silent as a possum, an idea began to blossom
Getting the bees away from home, won't be fun
An accomplice, a distracter, a couple of friends to hold the ladder
To bring the hive down to the ground, then run

Honey, honey, honey, is on my mind
Can't think of anything else, right or wrong [oh, bother]
Let me tell you that honey is hard to find
All golden, thick and sweet, it's my favorite treat
And I will eat, till every smackerel's gone

Honey, honey, honey, honey X 4, is hard to find
Honey, honey, honey, honey X 4, is on my mind [solo]

We weren't thinking of my nutrition, wanted to execute my mission
When a Tigger, blocked my path, with just one pounce
I'll help you, Pooh, he stated, but this plan is over-rated
I'll grab the hive myself, cuz, I can bounce

Honey, honey, honey, is on my mind
Can't think of anything else, when it's around
I would be content, if I could find
That Gopher took it "down", in earthen jars he found
In my cave, way-down, underground

Honey, honey, honey, is on my mind
Can't think of anything else, right or wrong
Let me tell you that honey is hard to find
All golden, thick and sweet, it's my favorite treat
And I will eat, till every smackerel's gone

Honey, honey, honey, honey X 4, is on my mind
Honey, honey, honey, honey X 4, is hard to find
Honey, honey, honey, honey is on my mind
