

**Texas Community College Speech/Theatre Association
Play Festival Business Meeting
March 3, 2006 Tarleton State University**

President Tal Lostracco called the meeting to order with 16 members present.

Old Business:

Liz Hedges suggested a printed ballot for the pre-planning tech awards. Sherri White suggested we do this NOW. Motion: Liz Hedges. Second: Ann Glover. Each director will make their own. Friendly amendment: Brad Nies. Tech entries should be e-mailed to the festival director one week before.

Sherri White suggested that we add props and publicity as pre planning tech areas for awards.

I was discussed that the play festival schedule be constructed to give each school a block of rehearsal and performance time because of security issues. A committee was asked to study this and report at the fall business meeting. The committee is Kevin Patrick (Blinn) and Alex Peevey (Paris)

New Business:

Forensics wants a committee to look at revising the constitution. They want some people from theatre to be a part of that committee. People added were Ann Glover, Brad Nies, Cathy Huey, Sherri White, and Liz Hedges

It was suggested that the organization develop a new member packet.

TETA Educator of the Year committee: Liz Hedges, Brad Nies, Sherri White.

Tal encouraged everyone to submit programs for TETA in January. He asked us to look at various dates for play festival. There was much discussion of dates, judges, this festival and ACTF.

Another lengthy discussion about show length.

It was suggested that the organization have an officer in charge of membership development.

Suggested festival locations.
