## Personally Owned Devices (PODs) Release Form

This equipment, along with any additional technology brought to the school by the student listed below is **not** the property of Saint Paul School (SPS), but it is owned and used by the single student named above for teaching and learning purposes during school. By signing this form, the school and parents agree that this device may only be used at school to support specific teaching and learning processes, including times and locations where students may not be directly supervised by school personnel.

This equipment may be used on school district grounds as long as it is being used for teaching and learning purposes or school-authorized activities. Students may not connect their device to SPS networks in an unapproved way or for activities other than those related to teaching and learning. Students and parents must be aware that accessing inappropriate materials while at school is subject to local school procedures for disciplinary action, including confiscation of the device.

Appropriate and inappropriate uses of **technology** and related **content** are detailed in the school's policies and acceptable use agreement.

SPS is not responsible for any maintenance, damage, theft, usage or usage charges, or loss of this non-school equipment. Students using these devices are responsible for the maintenance, care, and protection of their personal equipment that they choose to bring to school. Through this document, parents and students agree that their technology, regardless of ownership, will be used in a manner consistent with the school's policy.

The parents release all liability and indemnity of Saint Paul School, its employees and designees, from responsibility for this equipment.

This permission is valid for the current school year only and may be revoked by school officials at any time for improper use of the device or other reasons.
