

Swift Away

(originally published in Sept. of 2014)

Shadows shifting
Moon beams drifting, woven dark
This light shorn day
Time is passing
Swift away... swift away

Silver coins
Cross stainless skies
Voiceless tide
Caught in their lies
Time is passing
Swift away... swift away

Light Eternal
Midnight Cry
One is tethered, the other flies
Time is passing
swift away... swift away

So, gather courage
Against the tide,
For He is coming to take His Bride
Time is passing
Swift away... swift away
Swiftly coming is the day....
