

THE DEMISE OF AMERICA

Judgment of Babylon Weighed in the Balance

Mercury ☿

LIBRA

A Sword Coming to Divide the Nation

Saturn ♄

Mercury rises first, as it is just above the Sun when the Eclipse occurs. It is pronouncing this coming 'weighing in the balance', judgment and demise of the Great City; Great Nation that once was, but now to be divided with the sword prophetically. The other planet that follows the Eclipse is Saturn that many would attribute to Kronos, or father time as in a time to end and begin, a conclusion of an episode. Perhaps this is the very divine message to this Great City of America. A message to note that America, Babylon has been given over to Satan and is to be weighed, judged and divided by a sword. Interestingly, the Eclipse begins near the Longitude of NYC and it ends near the Longitude of Babylon in Iraq. Mathematically, this Hybrid Eclipse conjoins NYC with Babylon in a perfect phi ratio ϕ when the Eclipse reaches its Maximum at 0° Latitude, 0° Longitude. What are the odds of this?

THE HANDWRITING ON THE WALL

The imagery of where this November 3 Hybrid Eclipse takes place is profound, in the midst of the Scales or Balances of Libra. Perhaps this Hybrid Eclipse is highlighting the 'writing on the wall' that the City and Nation of America has been placed on these Scales, weighed and found short of the expected standard and thus judgment is to follow by the Sword of Lady Justice.

What is this demise? It is of a national judgment and division of this Great City and Nation. IF this is to be a literal judgment, as in another attack like 9-11 or a natural catastrophic event like a tsunami, EMP or nuke, that remains to be seen as well.

Since 9-11, and because of this attack on NYC, the USA and the world has changed forever how the USA views the world and how the world views NYC and America. Many believe that 9-11 is when America lost its innocence. Because of this event, an inside job or not, it forever changed how America treated its own people, its own citizen and how the USA went back on the Promise engraved on the very Statue of Liberty. Too many, she ironically stopped being the beacon of hope and light that she once represented. For the purposes of this study, NYC represents 3 types of women metaphorically throughout the history of the City which is an embodiment of the USA as a whole. The 1st Women is Virgin America as in Lady Liberty, the 2nd Woman is the Harlot of Babylon and 3, Lady Justice.

This study postulates that this 3-Woman stage typology has been and will be the pattern of the City and Nation in terms of its evolution and sad conclusion. There is a past, a present and future condition; the Virgin, the Harlot and the Justice. Sadly, NYC and America has presently become the Whore of Babylon that once was the Virgin America and will now experience the wrath of GOD and be divided by the Sword that Lady Justice has. With some poetic license here, the Statue of Liberty will morph into the Justice of Liberty that will hold up the Scales of Libra as the Torch is represented by this Hybrid rare Solar Eclipse. What she has on her other hand as the Book of Promise will be morphed into a Sword that will divide instead.
