

VIRGO-CHANUKAH CONNECTION

The purpose of this illustration is to ascertain the cosmic pattern of the Virgo Sign of Revelation 12 that occurs at least astronomically 1 day after Rosh HaShanah ends on the 22nd of September, 2017. What this illustration seeks to highlight not only the 1260 numerical coefficient that is tied to the start of the Tetrad Blood Moons of 2014-15 but the synchronization to other key feasts and/or celestial occurrences. One unique correlation in terms of time is that of the feast of Chanukah. There appears to be approximately 9 months to when Chanukah starts on the Rabbinical Calendar starts to the Great Virgo Sign. The next approximation is also 9 months after the Sign that converges on the Central Blood Moon of July 27, 2018. This Blood Moon is pegged to the one that occurred in 2011 approximately 7 years from that time markers. This particular Blood Moon will be seen over Jerusalem and is referred also as a Bull's Eye eclipse. It is part of a Triad of 4 consecutive Blood moons that 'bookmarked' the 2014-15 Tetrad. If there will be an event or occurrence 1260 after the Virgo Sign, remains to be seen.

CHANUKAH

Is also known as the Festival of Lights, is an 8-day Jewish holiday commemorating the rededication of the 2nd Temple in Jerusalem. This was at the time of the Maccabean Revolt of the 2nd century BC. Chanukah or Hanukkah is observed for 8 nights and days, starting on the 25th day of the month of Kisle according to the Hebrew Rabbinical Calendar. Thus the feast may occur at any time from late November to late December in the Gregorian Calendar. Chanukah begins at sundown on Saturday, just before Christmas Eve on the 24 December 2016.
