

**Welcome to the 2025  
Cypress Head Men's Golf Association**

MGA- President's Message 2025

The golf course had some nice improvements in 2024 like repair and replacement of the damaged cart paths. Future projects include the repair and maintenance of bunkers throughout the golf course. Golf Course Superintendent Darren Bache has done and continues to do an outstanding job in golf course management.

I'm pleased to say that the MGA has an excellent working relationship with the Cypress Head Golf Course. We appreciate how General Manager Jeff Dayton and his golf management team work with us. Jeff and his staff always have time to answer a question or offer advice. Which has made our association better. Cypress Head was rated as a Top 25 Florida Golf Course by GolfPass in 2024. Cypress Head also won the 2024 Daytona Beach People's Choice Award.

We are very fortunate to have dedicated and knowledgeable people who have volunteered as Committee Chairman and Committee members. It takes a lot of teamwork to coordinate the MGA activities. I have been working closely with the Tournament Committee this past year and have a better understanding of what they do. Their dedication and organizational skills are outstanding. Please thank them when you have a chance. A special thank you to Tim Hill who has been our Registration Chairman. Tim has done an excellent job in getting people scheduled for that important part of our tournament events.

Looking forward to another successful MGA Season at Cypress Head in 2025.

Mike Bagnato, President
