

## Clifford Township Parks and Recreation Board Meeting Minutes May 2017

Tom Roberts was absent.

Meeting was called to order at 7pm. There were no minutes from meetings in March or April.

The Children's Garden had an event with Frank Little Bear attending and demonstrating how to build a teepee and use the land in ways that Native Americans did in the past.

Restrooms at the park are open. A system needs to be put in place for handling stocking paper products. Otherwise, feedback has been positive. It has been inspected, with minor work needed. Occupancy permit is expected.

A more simplified, new bid packet is being released to try to obtain bids for the multi-purpose court installation.

No information has been received yet about the EMHR grant that was submitted in the spring.

Some work was needed near the stream to help divert water and to clean up after washout from storms. Some trees were damaged as well.

The Parks and Recreation tab on the website has been updated. If anyone has more recent pictures to use on the site they can submit them to the Township Secretary and she will add them.

Installation of the new walking trail is set to begin 5/30/17. Creation of a trail map was discussed, to be distributed and posted on the website.

The driveway permit for the new property was submitted to PennDot.

The on-site day care is interested in installing fencing behind the community center to allow for outdoor play.

The Little League applied to host a baseball tournament 6/22-6/25.

Discussion took place about possibly adding a frisbee golf course on the property. More research and information is needed before decision will be made. Soccer golf was also discussed as a possible activity.

Meeting was adjourned at 7:55 pm. Next meeting is scheduled for June 28, 2017 at 7pm.
