Monthly Challenge

This month's challenge is to sing, play, compose, listen to or otherwise enjoy music. It is said that music is the strongest form of magic so invite some magic into your life. Whether you like classical, opera, rock, big band, country western, polka, or a variety of types of music, take time to enjoy and pay attention to how it makes you feel. Often, music is associated with specific memories we hold near to our hearts, so take a stroll down a musical memory lane. Enjoy and share!
