Trustee Thompson moved to approve the Payment of Bills for the period of April 7, 2018 thru April 19, 2018, seconded by Trustee Hook. All yea. Motion carried.

OLD BUSINESS:

Police Chief Coonce informed the Board that the White Dodge car was ready to go. The Silver Dodge should be back the next day. He confirmed the 2004 Explorer was the only one going to be sold. It would leave the police department with one backup.

Fire Chief Miles stated he was still waiting to hear back from Midwest Roofing. They were waiting on an aerial shot to include as part of their bid. He updated the Board that the fire department had used all three thermal imaging cameras. They will be submitting a request for approximately $6,905.00. The model is the same as the previous manufacturer. It would cost $1,600 to repair the current one that is 11 years old. The model they are requesting is the mid-range cost.

Chief Coonce added that the Board was provided language that was approved by the Village Attorney to address tow trucks on scene. The tow ordinance would be placed in the traffic section of the ordinances and the fees were approved by the Village Municipal Judge. The ticket issued in these cases would be issued to the driver and not the company. Anyone has the right to still call for his or her own tow company. This would be placed on the next agenda.

Village Clerk Chapman stated that administration would be focusing on codification, the employee handbook and updating specific ordinances found in conflict during codification. She plans to focus on getting these items updated in the next few months.

Trustee Hook thanked the Road District for their work with the brush hog. Chairman McClure added that the workday was cancelled due to weather but the area that was cleared of brush needs to have trash picked
up and grass seed applied. In addition, she would be contacting the MO Conservation Department to obtain native plants and trees to stabilize the area. There were also a set of rotted out railroad tie staircase that was unburied. This would be something to look at replacing in the future but is currently cut off from use.

McClure added that there is a tree in Mildred Keeney Park that is at a 45-degree angle that needs to be removed. There is also a dead tree behind a picnic table that should be removed. She stated she would reach out to Jason Bush to obtain a cost.

Trustee Hook informed Clerk Chapman that the sign project needs to begin because the Road District is wishing to sell equipment that they would be using to complete the replacement of our signs at this time. Clerk Chapman stated she would get with Steve Swanson of Public Works and ask him to get with the Road District and get a timeline to get started.

Trustee Goeller asked if the Board wished to reinstate the Park Board. It was believed that there are people willing to work in the parks. It was stated that if the Park Board is reinstated they would do all the work in planning, budgeting and communicating with the Board of Trustees. They would organize the work and not just prepare expenditures. There was no further action at this time.

Trustee Thompson asked Chief Coonce to keep writing up the nuisances. He thanked Coopers Automotive for the work they have done on the cars.

Trustee Sulzberger stated that she spoke to the Claycomo Plaza manager since the last meeting. The manager has sent a letter to TLC to control the parking and improve the parking spots. The lease is up in September for TLC. There is supposed to be parking behind the building to help provide more parking for the local restaurants and stores in the Plaza.

Sulzberger also asked if we have setup the Nixle communication as the seasonal weather was coming. Clerk Chapman stated they had not setup a protocol or asked anyone to sign up yet. The account is a free account and therefore only two department heads have access at this time. They would work on getting it started.

Sulzberger also asked about an update on the illegal Manley Remodeling sign on the garage. It was believed that one of the property owners had passed and they had been told previously to remove it. Trustee Thompson asked that they be given the 10-day notice. It was agreed that after 10 days they would be ticketed.

Chairman McClure asked if the check from Midway Ford for reimbursement for pump damage had been received. It had not but they had emailed and forms were completed and submitted for reimbursement. She also asked if any action had been taken on the property at 406 Longfellow. They had requested a building permit but stopped the work. The home is missing siding. Chief Coonce was asked to have the nuisance officer submit a 10-day notification warning.

NEW BUSINESS:

Chairman McClure stated the lights on flag at Claycomo Park appeared to have stopped working.

Trustee Sulzberger asked that City Hall employees begin to wear identification badges. Chief Coonce and Clerk Chapman stated we were able to do so. The Board agreed for Clerk Chapman to obtain identification badges for the City Hall staff.
