

The Standy is available in two sizes. It's non-slip footboard makes independent transfer secure. The anatomical work table is height adjustable and removable.

The Standy's stabilization is a result of consolidated experience, constant research on materials, and the attempt to optimize posture. The adjustability of this unit's chest support, knee pads, and heel rests will fit most users. The non-slip footboard makes transferring from sitting to standing smoother for the user.

### Accessories:

865 Headrest

902 Front Footrest

857 Side Supports

861 Transport Wheels

### Measurements in Inches

| Standy                         | Size 3    | Size 4    |
