We like to think of ourselves as an affordable “boutique” service wedding photography studio. There are only three of us and we work closely with our clients from the start. While we strive to capture a complete photographic expression of the beauty and joy of your wedding day, we love to capture images that reflect your personality - those personal expressions of love, commitment, and celebration from yourselves as well as your family and friends. We will work with you as a team to produce a beautiful and complete collection of images. **We are generous in regards to your image rights.** We are dedicated full time professional photographic artists – not dilettantes - and we are at your personal service. We treat our clients as our friends, as our colleagues: we respect them, we encourage them to inspire us, we endeavor to produce works of art together that will be enjoyed for generations. While we aren’t the least expensive studio out there, we are the most affordable studio offering the quality and personalized service we provide. WeddingWire ranks us #1 in the metro area under \$2000. We have never received under a five-star review from any client on The Knot.

Guillermo has over 25 years of experience as a St. Louis Wedding and Family photographer. He was one of the first two wedding photographers in the metro area awarded “Hall of Fame” status by The Knot and has always won “Couples Choice” by Wedding Wire.

Rebecca earned a Fine Arts degree from UMSL in 2010 and has been a professional photographer since 2008. She is an extremely creative pure artist. She constantly challenges herself to find new avenues of photographic and multi-media artistic expression.

Gara earned a Masters in Studio Arts degree from Lindenwood University and has been an adjunct professor of photographer there. She is another extremely creative pure artist. She paints beautifully as well. She treasures capturing personally magic moments.
