Dear Parents/Guardians:

We are required by law to periodically test for lead in our water system. The New York State standards for water testing have become more stringent. In our most recent round of testing some of our water outlets showed slightly elevated levels of lead, above the 15 parts per million that we test for.

We have turned these outlets off pending repairs. Hand sanitizer has been provided in the interim.

If you require any additional information concerning your child's school, please contact the Principal.

Sincerely,

Edward M. Fale, Ph.D.  
Superintendent of Schools
