Spring 2019**

## **WELCOME NEW LACROSSE PARENTS!**

The Geneva Family YMCA Youth Lacrosse Program welcomes you and your young player to the sport of lacrosse. Lacrosse has benefited from rapid growth in recent years. More and more people every day are learning to play America's oldest – and fastest growing – sport.

Lacrosse is about having fun and learning a sport. As parents, part of your role is to make sure that your child is enjoying his lacrosse experience. Be positive about your child's participation. Encourage. Support. Volunteer. Remind your child, AND yourself, that winning is not everything. You and your child will participate in many games over the years and the friendships they form and the growth they experience will certainly outweigh the win/loss record in your child's memory.

## **MISSION STATEMENT**

The Geneva Family YMCA is dedicated to promoting the growth and development of lacrosse within our community. The Geneva YMCA Youth Lacrosse Program strives to develop the fundamental skills of teamwork, good sportsmanship, fair play and honoring & respecting the game. Our staff, coaches, volunteers, parents and players are committed to providing a safe and rewarding environment for every player.

## **GUIDELINES FOR A HEALTHY PLAYER**

This information was taken from the USLacrosse.com website to aid our parents and players in taking a positive step towards a healthier you. These are just some basic guidelines.

- A healthy diet and good eating habits are essential for a young athlete's development and performance.
- Jackie Berning, Ph.D, a registered dietician and board certified specialist in sports dietetics who serves as a member of the US Lacrosse Sports Science & Safety Committee, notes that for athletes in season and for those engaged in daily workouts, consuming carbohydrates within 30 minutes after exercise and again after two hours can help muscles reload and rebuild by replacing glycogen up to 50% quicker. Berning cites chocolate milk as an excellent source for this energy replenishment among younger athletes.
- Recovery nutrition is not as critical to athletes during offseason exercise, Berning says, because consuming rehydration beverages and salty foods in routine meals will also help the body to replace lost fluids and electrolytes.
- Again these are just basic guidelines. Proper hydration and healthy snacks such as a piece of fruit a half an hour before practice would be helpful for your child in their performance at practice

## **PRACTICE**

### **Parents/Spectators Expectations:**

**DON'T: Yell, coach the players, question the coach/ref, or disrespect the teams on the field**

## **GIRLS' GAME OVERVIEW**

Girls' lacrosse is a non-contact game played by 12 players, a goalkeeper, five attackers and six defenders. Eight players may cross the restraining line into the opponent's offensive zone and four stay behind. The object of the game is to shoot the ball into the opponent's goal. The team scoring the most goals wins.

### **Draw:**

Girl's and women's lacrosse begins with a draw, which is taken by the center position. The ball is placed between two horizontally held sticks, placed back-to-back, at the center of the field. At the sound of the whistle, the ball is flung into the air as the sticks are pulled up and away. The sticks must come up over the players' heads. A draw is used to start each half and after each goal, and it takes place at the center of the field. Only five players from each team are permitted between restraining lines at the time of the draw. Once the signal for the draw occurs, the players behind each restraining line may cross over.

### **Basic Skills:**

Field players may pass, catch or run with the ball in their stick. When a whistle blows, all players must stop in place. Rough checks, and contact to the body with the stick or body, are not allowed, however, incidental body contact may occur.

### **Rules:**

The girls' youth rules are divided by levels (A, B, and C). Levels B and C do not allow checking and do allow certain stick modification to make throwing and catching easier for the beginning or younger player. Level A rules allow for modified checking and require the use of regulation stick and pocket. Leagues, tournaments and programs with players below the 5<sup>th</sup> grade level must either use Level B or C rules. Players from the 5<sup>th</sup> grade through the 8<sup>th</sup> grade should progress from Level B or C to Level A rules

## COMMON MINOR FOULS GIRLS' LACROSSE

For a minor foul, the offending player is placed for a free position shot four meters off, in the direction from which she approached her opponent before committing the foul, and play is resumed. When a minor foul is committed in the 12 meter fan, the player with the ball has an indirect free position, in which case the player must pass first or be checked by an opponent before the team may shoot.

**Illegal Ball Off The Body:** A ball that rebounds off a field player's body to her or her team's distinct advantage.

**Empty Crosse Check:** A player may not check or hold an opponent's stick unless the ball is in contact with the opponent's stick

**GOAL CIRCLE FOUL** **Goal Circle Foul:** Occurs when any part of an offensive or defensive player's body or stick, except that of the goalkeeper or deputy, enters the goal circle.

**WARDING OFF** **Warding Off:** Occurs when a player guards a ground ball with her stick, removes one hand from the stick and uses her free arm to ward off an opponent.

**OFFSIDES** **Offsides:** Occurs when a team has too many players over the restraining line.

## COMMON MAJOR FOULS GIRLS' LACROSSE

Fouls are categorized as major or minor, and the penalty for fouls is a "free position." For major fouls, the offending player is placed four meters behind the player taking the free position.

**Blocking:** When contact is initiated by a defender who has moved into the path of an opponent with the ball without giving that player a chance to stop or change direction.

**Pushing or Body Contact:** When a player charges, bangs, shoulders or backs into an opponent, or pushes with the hand or body.

**Dangerous Propelling and Following Through:** When a player propels the ball without control in the direction of another player. This is a mandatory card.

**Obstruction of Free Space to Goal:** When a defender is not closely marking her opponent, within a stick's length of an opponent and is in the free space to goal of the attack player with the ball. The attack player must have the opportunity and be looking to shoot.

**Rough Check/Illegal Check on Body:** When a defender swings her stick at an opponent's stick or body with deliberate viciousness or recklessness, whether or not the opponent's stick or body is struck. A check to the head is a mandatory card.

**Three Second Rule:** A defender may not stand within the eight-meter arc for more than three seconds unless she is closely marking an opponent within a stick's length.

## GLOSSARY FOR GIRLS' LACROSSE

**Checking:** Using stick-to-stick contact in an attempt to dislodge the ball.

**Clear:** Any action taken by a goalkeeper from within the goal circle to pass or carry the ball out of the goal circle.

**Cradle:** The coordinated motion of the arms and wrists that keeps the ball secure in the pocket and ready to be passed or shot when running

**Critical Scoring Area:** An area 15 meters in front of and to each side of the goal and 9 meters behind the goal. An 8-meter arc and 12-meter fan are marked in the area.

**Draw:** A technique to start or resume play by which a ball is placed in between two sticks held back to back and drawn up and away.

**Eight-Meter Arcs:** A semi-circular area in front of the goal used for the administration of major fouls. A defender may not remain in this area for more than three seconds unless she is within a stick's length of her opponent.

**Free Position:** An opportunity awarded to one player when a major or minor foul is committed by a player from the other team. All players must move four meters away from the player with the ball. When the whistle sounds to resume play, the player may run, pass or shoot the ball.

**Free Space to Goal:** A cone-shaped path extending from each side of the goal circle to the attack player with the ball. A defense player may not, for safety reasons, stand alone in this area without closely marking an opponent.

**Goalie Circle:** The circle around the goal with a radius of 2.6 meters (8.5 feet). No player's stick or body may 'break' the cylinder of the goal circle.

**Indirect Free Position:** An opportunity awarded to the offense when a minor foul is committed by the defense inside the 12 meter fan. When the whistle sounds to resume play, the player may run or pass, but may not shoot until a defender has checked her stick or she passes to a teammate.

**Modified Checking:** Checking the stick only if the entire stick is below shoulder level. The check must be in a downward direction and away from the body.

**Sphere:** An imaginary area, approximately 18 cm (seven inches) which surrounds a player's head. No stick checks toward the head are allowed to break the sphere.

## **BOYS' LACROSSE - GAME OVERVIEW**

Boys' lacrosse is a contact game played by 10 players. The object of the game is to shoot the ball into the opponent's goal and to keep the other team from scoring. The team scoring the most goals wins.

### **Positions:**

Each team must keep at least 4 players, including the goalie, in its defensive half of the field and three in its offensive half. Three players (midfielders) may roam the entire field. Attackmen and defenders, including the goalie, can cross midfield, but another player that would normally be able to cross the line has to stay behind the line to ensure that the team has the proper number of players on each side.

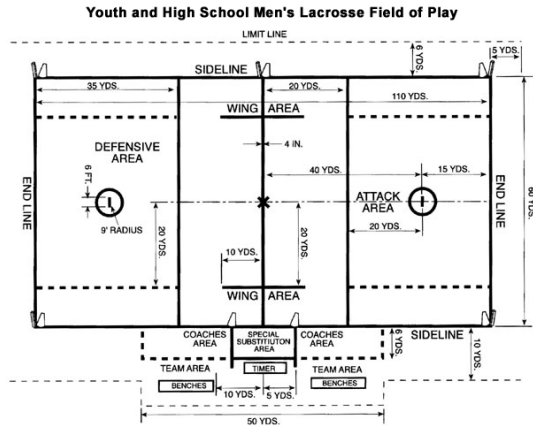

### **Face-Off:**

Boys' lacrosse begins with a face-off. The ball is placed between the sticks of two squatting players at the center of the field. The official blows the whistle to begin play. Each face-off player tries to control the ball. The players in the wing areas can run after the ball when the whistle sounds. The other players must wait until one player has gained possession of the ball, or the ball has crossed into the offensive zone, before they can release. Face-offs are also used at the start of each quarter and after a goal is scored.

### **Basic Skills:**

Field players must use their sticks to pass, catch and run with the ball. Only the goalkeeper may touch the ball with his hands. A player may gain possession of the ball by dislodging it from an opponent's stick with a stick check, the controlled poking and slapping of the stick and gloved hands of the player with the ball.

## FINGER LAKES LACROSSE LEAGUE RULES

The Spring League will use NHA Modified Lacrosse Rules with the following exceptions:

### 5<sup>th</sup> and 6<sup>th</sup> Grade Boys

- **Participation:** Individuals on the teams in the league should currently be in 5<sup>th</sup> or 6<sup>th</sup> grade only. Younger players may play up at the discretion of their coach. No higher grades will be allowed
- **Player Format:** 3 attack, 3 middies, 3 defenders, and a goalie (equal playing time for each player is expected)
- **Pre-game:** Players and coaches should be brought to the middle of the field by the refs for a quick review of the rules and for pre-game handshakes. There should also be post-game handshakes.
- **Contact Rule:** No deliberate body contact may be initiated with the torso, either offensively or defensively. (Players should be instructed to play the ball). Incidental body contact is inevitable on ground balls and similar situations
- **Stick Rules:** Four long sticks will be allowed on the field at any time. Poke checks and slap checks are limited to the stick or glove area only. One handed checks are NOT ALLOWED. Two handed checks must be taught and used at all times.
- **Field Size:** Regulation fields and goals should be used in all games.
- **Officials:** Each town will need to supply their own officials for their home games. Certified Officials or an adult should officiate 5/6 level games whenever possible.
- **Coach Rule:** Only one coach will be allowed to address the officials during the game.
- **Pass Rule:** None, however coaches may institute this rule at any time during the game.
- **Penalties:** When a foul is committed it will result in either a 30 second technical foul or a one minute personal foul. The team that is man down will play with one less midfielder. The timekeeper will release the penalty. Penalized player must report and stay in the penalty area. A coach should accompany the player and explain the penalty turning it into a learning experience.
- **Time Keeping:** We will play 4, 15 minute running quarters. Each team will have one clock stopping time out per quarter. There is no Overtime; games will end when time expires not matter the score.
- **Goal Rule:** After a goal is scored, a face-off will take place at midfield. After a 5 goal differential, the team behind will be awarded the ball at midfield when scored upon. The coach of the losing team has the option to not implement this rule.
- **Parental Rule:** Parents should be instructed to sit on the far side of the field from where the coaches and players are located. This will allow the coaches and participants fewer distractions from game situations and reduce any possible negative situations to arise. Negative comments and remarks should be addressed immediately and not tolerated. We are expecting our players to behave like gentlemen and all parents and coaches should act as positive role models.

## THE ROLE OF PARENTS

You as the parent are equally as important to your child's positive lacrosse experience as the coach of the team. In order for your child to get the most out of playing lacrosse, it is important that you do the following:

1. **Be supportive of your child by giving encouragement and showing an interest in his team.** Positive reinforcement encourages learning and fun.
2. **Attend games whenever possible.** If you cannot attend, ask about your child's experience, not whether the team won or lost.
3. **Be a positive role model by displaying good sportsmanship at all times to coaches, officials, opponents and your child's teammates.** "Honoring the game" is an important part of what Lacrosse represents. Help us by honoring the game in your behavior as a spectator.
4. **Let your child set his own goals and play the game for their self.** Be your child's "home court advantage" by giving them your unconditional support regardless of how well he performs.
5. **Let the coach, coach.** Refrain from giving your child advice when he is playing. Also, let the coach know when they are doing a good job.
6. **Respect the decisions of the referees or umpires.** They are the authority on the field.
7. **Familiarize yourself with the rules of the game.** Understanding the rules will help you enjoy the game and educate others.
8. **Get to know those who run the program.** Don't hesitate to ask questions or voice concerns. Sometimes a quick conversation with the right parties can clear up questions and help you understand why things are done a particular way.
9. **Get involved** – ask how you can help.
10. **Sit back and enjoy the game.** Remember lacrosse is played for **FUN**.
