2013 – 2015	Treasurer and Executive Committee Member Research Methods Division, Academy of Management

LEADERSHIP & ADMINISTRATIVE EXPERIENCE

Summary of Responsibilities

- Currently serving as one of two senior associate deans in the Mendoza College of Business. The Mendoza College has an annual budget of \$120m and is home to approximately 2400 undergraduate students (including first-years), 850 graduate students, 125 staff, and 150 regular faculty (two-thirds tenure-line; one-third non-tenure-line).
- Responsible for oversight of all undergraduate and graduate/professional degree programs offered by the Mendoza college, including five undergraduate majors, eight undergraduate minors, and 12 graduate programs. Example external rankings: University (#20; U.S. News), Undergraduate Business (#5; P&Q), MBA (#30; U.S. News); EMBA (#27; Fortune). Also responsible for oversight of a range of non-degree college programs, including Business on the Frontlines, Notre Dame Deloitte Center for Ethical Leadership, Notre Dame Institute for Global Investing, the Powerful Means Initiative, and the college's Leadership Development Program.
- Previously served as the founding chair of the Management & Organization department (reporting to the Dean). As part of this role, I worked with a range of stakeholders inside

and outside the college to split the former Management department into two new departments: Management & Organization (M&O); and IT, Analytics, & Operations (ITAO)

- Served a two-year term as an invited Provost's Fellow, which included attendance at all monthly Provost's Cabinet meetings to act as a representative for Notre Dame faculty
- Strong personnel management experience. As associate dean, this includes direct or shared oversight of 20+ academic administrators. As department chair, this included academic oversight of approximately 35 regular faculty and dozens of adjunct faculty.
- Extensive leadership and administrative experience within academic professional societies, including several elected and invited roles, past service as program chair of an international conference, a full term as associate editor of *Strategic Management Journal* (a consensus top-tier outlet within the management field), and current service as director, treasurer, and officer of the Strategic Management Society, an international 3,000-member organization with an annual budget of approximately \$2.5m.

RESEARCH

Interests

Strategic leadership; corporate governance; behavioral strategy; managerial discretion; executive characteristics and experiences; executive succession

Summary

My research interests lie in the field of strategic management, with an emphasis on strategic leadership – the study of senior executives and their effects on organizational outcomes. Most of my work examines managerial discretion – the extent to which executives are able to influence their firms' strategic actions and eventual performance outcomes. Relatedly, I am interested in the topics of executive characteristics, corporate governance, and behavioral strategy. My current work in this domain examines how strategic leaders' personal characteristics and experiences affect the nature of firm-level strategic decisions and behaviors.
