

PENTECOST PATTERN OF MT. SINAI

The key factor of the Pentecost Pattern is that from the crossing point at Nuweiba to where the LORD came down to fellowship and meet with the 70 plus Elders of Israel is exactly 50 miles. The very number is reflective of the 50 days from when the 1st Passover was celebrated back in Egypt on the very night the Hebrews left the clutches of Pharaoh. This 50 mile distance would have been about a 3 days journey.

Pentecost: Israel receives the Decalogue at Sinai
 Pentecost: Israel becomes a Nation May 14, 1948
 Pentecost: Israel captures Jerusalem June 7, 1967
 - Jerusalem Event? 2017
 Pentecost: Israel matured - 2018 is 70th Year

1967 + 50 Years = 2017
 (Revelation 12 Sign of Virgo)

1948 + 70 Years = 2018
 (70 AD + 1948 Years = 2018)

Moreover the 7 days to get from Egypt to the crossing point of the Red Sea plus the 3 more days it took to get from the Crossing of the Red Sea to the foot of Mt. Sinai would be a total of 10 days.

This foreshadows the giving of the 10 Commandments on the 50th day at Pentecost.

The following distances determined by GPS coordinates are itemized below. These locations are based from firsthand eye-witness to each site. Note that some measurements are an approximation to these locations and suggestive in the prophetic scope for this study as some actual points topographically maybe impossible to determine.
