

TOWN OF STRATTON – SCHOOL DISTRICT

STRATTON AFFIDAVIT CONCERNING PUPIL RESIDENCY

1. Answers to the following inquiries are necessary in determining residency within the school district. To make this process as stream-lined and expeditious as possible, please fill this form out completely prior to submission. (Please see the attached information sheet (page 7) listing the necessary accompanying documents.)
2. For your reference, the below statute is how the state of Vermont determines residency within a school district:
16 VSA 1075, Section 3:
(3) For the purposes of this title, “resident” of the State and of a school district means a natural person who is domiciled in the school district and who, if temporarily absent, demonstrates an intent to maintain a principle dwelling place in the school district indefinitely and to return there, coupled with an act or acts consistent with that intent.
3. It should be immediately noted that residency within the school district is initially determined by the Superintendent and is mutually exclusive from the Homestead Tax, voter registration, driver’s license and income taxes. Additionally, being granted residency within the school district previously *in no way* guarantees you future approval. Your qualifications can be reviewed yearly, and those findings and determinations will be independent from anything previously decided.
4. If at any time the Stratton School Board has reason to believe that the conditions of residency have changed, the Board has the right to request up-to-date information/proof of residency of the parties in question.
5. If you make an answer, which you know is false, you may be criminally prosecuted, receive jail time and/or be fined up to \$10,000. You may also be responsible for reimbursing the town for any tuition paid. See 13 V.S.A §, False Claim
