- This permit becomes null and void if the work or construction authorized is not commenced within 60 days, or if work or construction is suspended or abandoned for 180 days at any time after work is commenced or if work is not completed within one year from date of issue.
- All work shall be done in accord with the approved plans, except where such approval is in conflict with other codes. The approved plans shall not be changed or modified without the prior approval of the Building Official.
- It is the responsibility of the permittee to obtain the required inspections. Failure to notify this department that the work is ready for inspection may necessitate the removal of some of the construction materials at the owner's expense in order to perform such inspections.
  1. FOUNDATION - When forms are in place, prior to placement of any concrete
  2. CONCRETE SLAB, GROUNDWORK - When all service equipment and piping is in but prior to placement of any concrete.

3. **FRAMING** – After all framing, bracing, blocking, piping, wiring and ducting are completed but prior to covering/
4. **DRYWALL** – After drywall is in place, but prior to taping or covering of fasteners.
5. **FINAL** - Work completed, but prior to occupancy.
6. **OTHER** – As noted in special conditions.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinance governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other State or local law regulating construction of the performance of construction.
