## From Pastor Bill's Study

Greetings to all,

Welcome to the madness. For those who favor College Basketball we have the classic March Madness. For weather watch watchers we have the March where we may see rain, snow and sunshine all in the same day.

In and around me I see the buds on the trees and flowers starting to poke out of the ground. The geese are flying over the parsonage and their calls can be heard long before the flocks are seen. Twice so far I have watch vast flocks of Snow Geese land in the farm fields near the parsonage.

In all of this I see the beginning of spring but yet it is barely mid February as I write this story.

In Matthew 16: 1- 4 the religious leaders asked Jesus for a sign of the times to come and he replied how they could interpret the signs of the world and the weather but yet they did not realize the signs from God.

I believe we are becoming too much like those of old when we spend more time worrying about the simple things and lose focus on what really matters. Jesus spoke to the rulers then about the signs of Noah and their interpretation which they had missed or not paid attention to.

The shifting of the morals and values of the people away from God and because of this God sent a correction in place to bring the people back to God.

I believe we are at that point again in history where a correction is going to be made. It may be then a signal of the end times but I believe it is more likely to be a call of revival to call the people of God back to their first love.

I have stated all of the signs of a coming spring and I hope it is as I long to see the color return once again to the land. By the same thoughts I see the coming of a correction to the world as we the people of this earth turn further away from God's teachings.

I am always amazed during an election cycle the amount of money that is spent to place a candidate into a position of power. I wonder what could be done with the billions of dollars spent if it was used to better the world in which we live.

If adoption would have the same budget as abortions, if family values would have the budget as sexual orientation, if food and shelter had as big a budget as campaign budgets.

The church suffers with this as well when I look at moneys that have been spent to force an agenda that is in my mind a non-issue. We now face a denomination split because we cannot agree on what the word of God states. We spend more time arguing then we do healing the needs around us.

As an individual, a church, a denomination and a world we need to see the clear signs and return to God, Christ and the Holy Spirit before we become any more confused over what is the clear call of God to come to the Ark.

As always our help is in the name of the Lord!

Psalm 121  
Know Hope,  
*Pastor Bill*

## Baptism....

## Leadership Team (Ad Board) Report....

The Leadership Team devotions for its February meeting were based on 1 Corinthians 1:25-31 and focused on its message that God uses the lesser and the lower to destroy what we think of as higher and greater things. Put another way, God uses the weak of this world to put the powerful to shame. Consequently, if we want to brag, we should brag not in ourselves but in the Lord. We all know stories of people who, once given encouragement and a proper chance, rose from obscurity to importance because of the help they got from God through others. And we praise Him for His benevolences toward us all, not just some of us.

We have finalized the format by which we will reimburse the West Milton church for our use of its facilities and utilities. They'll be paid monthly.

The Team is considering a change in financial management software from QuickBooks to one of the more church-friendly modular programs that are available. The goal would be to eliminate the unnecessary complexities and limits of QuickBooks in favor of easier navigation, improvement in cash flow management and reporting, and the tracking of a great number of things that are more specifically aligned with the day-to-day realities and needs associated with church activity.

Pursuant to establishing a better system for the management of our payroll responsibilities, we have approved a format designed to improve the efficacy of time sheet submission and the subsequent issuance of paychecks. The resulting elimination of occasional timing gaps will insure that all church-internal matters involving wage payments are handled with the utmost efficiency and with due and equitable respect for fairness.

In connection with our post-fire renovation planning, the Team voted to ask two of the three recently interviewed architectural firms to provide us with proposals.

-Rod Moore

Lewisburg District is asked to collect hand towels, good quality, preferably 15X25 – 17X27 inches in size. Bethany you can start bringing in hand towels for this mission to church (Boxes are located at West Milton UMC and Bethany office).

## Milton's Good News

### Trustees Report...

As reported last month we were setting up a separate 'Fire Fund' account with Hudock Capital for the funds that will be coming from the insurance claim. The account is now open and active. The first installment from the insurance claim of \$500,000 was sent electronically from the Conference to Milton Savings Bank (MSB). As the Leadership Team had decided earlier, we left \$50,000 in the new account at MSB and sent the remaining \$450,000 to be deposited in the new account with Hudock .

The Leadership Team is currently in the process of meeting with architects and engineers, one of which will eventually be engaged to help us accomplish our vision for our rebuilt church. Representatives from Hemmler & Camayd and Mid-Penn Engineering recently toured the church and met with the Leadership Team. We have the same agenda planned for a meeting with representatives from Noelker and Hull in the near future.

The decision has been made to not try to save and rebuild the pipe organ. Pastor Bill has been in contact with an organization who may want to salvage it and refurbish it for another church.
