

1966 Austin Healey 3000 MKIII BJ8 For Sale, Asking \$50,000

Second owner had it for 37 years. The current owner is the wife of the 3rd owner, who passed away. This 3000 MKIII is an eye-catching driving car, but not in an original state. It has been repainted in a new two tone Red and Black color scheme, the interior has been replaced and the engine has been rebuilt and the car runs well. The actual milage is unknown. There has been some body work done before the repainting.

This car also comes with the standard MK III small rear seats, a good working overdrive, painted wire wheels, adjustable steering column, a working heater, laminated windscreen and the black boot cover for when the top is down.

This Austin Healey 3000 MKIII BJ8 can be seen in Naples Florida with a clean Florida title and the British Motor Heritage Certificate. Contact Susanne Canfield at Cell 1-518-469-5664 or by e-mail at scanfield@yahoo.com with any questions or to make an appointment to see the car.
