Webmaster

The chapter webmaster is responsible for maintaining the chapter website which is hosted on GoDaddy platform. On a monthly basis the chapter perspective, pictures taken from previous monthly meetings and events are uploaded to the website for all members to be able to view.

The chapter website also contains information about upcoming travel opportunities, job descriptions of committee members, informational links to National AARP, Orange County resource information and Senior Living links. The webmaster is responsible for updating all the links when necessary as well as adding new information when requested.
