

SINAI PENTECOST COUNTDOWN

The purpose of this illustration is to depict the Exodus Journey of the Israelites from Egypt to the Foot of Mount Sinai. The timeline will use the Year 2022 as a parallel Day Count for comparison. The study is based on the Theory that Leviticus mandates a Double Count of not only 7 Sabbaths or 49 Days, but thereafter a Count of 50 additional Days. The Exodus proves that the Israelites could not have observed Shavuot (49th Day) as they were in Transit. The timeline will show that if one does add 49 Days + 50 Days, the result will be July 23 (723). Thus one strongly suggests that this is the true Day correlating to Pentecost of Acts 2, 'When it had Fully Come'. The Bible states that the 'Army' of the Israelites left after 430 Years, to the Day. It was the day after the 1st Passover, Nisan 15. The Bible states that they arrived at the Foot of Mount Sinai on the 15th of Sivan. It is from there that it took a total of 40 Days thereafter for Moses to then return with the 'Hard Copy' of the 10 Commandments. However, this Day was the 50th and the cause for the Golden Calf event. This suggests that this Day was Pentecost, the 50 Days counted after the 7 Sabbaths from the Feast of Unleavened Bread. Thus the Rabbinical Tradition that the Israelites arrived on Sivan 1 and then the Law was given on the 8th of Sivan and that it is the Day of Pentecost is not correct. Presently, the Prophetic Feast that is playing-out is the Age of Pentecost or that of the Church Age. It is an 'Intermission' and about to conclude so to have YHVH then deal with the 'Golden Calf' Idol that Israel will again seek to bow down and worship during the Tribulation.

SINAI PENTECOST COUNTDOWN

The purpose of this illustration is to depict the Exodus Journey of the Israelites from Egypt to the Foot of Mount Sinai. According to Galatians, the Mountain is in Arabia. Using Google Earth, the Ground Length determined to encompass this Journey comes out to exactly 360 Nautical Miles. It is presumed that the Exodus commenced with the extraction of Joseph's Bones and others that are said to have lived in the Land of Goshen. In particular, the place called Tell el-Daba is where Egyptologists Rohl has unearthed and reconstructed the Statue of Joseph. The Bible states that the 'Army' of the Israelites left after 430 Years, to the Day. It was the day after the 1st Passover, Nisan 15. The Bible states that they arrived at the Foot of Mount Sinai on the 15th of Sivan. It is from there that it took a total of 40 Days thereafter for Moses to then return with the 'Hard Copy' of the 10 Commandments. However, this Day was the 50th and the cause for the Golden Calf event. This suggests that this day was Pentecost, the 50 Days counted after the 7 Sabbaths from the Feast of Unleavened Bread. Thus the Rabbinical Tradition that the Israelites arrived on Sivan 1 and then the Law was given on the 8th of Sivan is not correct.

AT THE 46 DAY COUNT

Israel arrives at Mount Sinai. Not on the traditional 1st Day of Sivan as Jews Celebrate the Giving of the Law. It was on the 3rd Day from Arrival that YHVH proclaimed the Law. It was 40 Day thereafter that Moses Came down with the Tablets. But this was the Day of the Golden Calf event.
