

Document for Tribal Member Review: Summit Lake Paiute Tribe Nonpoint Source Management Plan

In 2013, the Summit Lake Paiute Council approved a Nonpoint Source Management Plan as a management tool for the Tribe. Recently, Natural Resources Department Staff have made minor edits and updates to the document to keep it current and useful. Before officially adopting the revised plan, comments are being solicited from Tribal Members. Comments can be submitted by mail, phone or email to Rachael.Youmans@summitlaketribe.org, and must be received no later than by 5:00 p.m. Tuesday, November 10, 2015. Paper copies of the plan can be requested by calling the Tribal Office at 775-827-9670.
