

## John Bagwell SP4, USA

*Escaped, Hue, 5 February 1968*

Sp4 Bagwell was attached to AFVN Hue from the 1<sup>st</sup> Cavalry Division. The Station was expanding and the Cav was adding an extra radio voice to the permanent staff there. When AFVN'ers rushed out the door at the end of the firefight during Tet of 1968, he was able to make his way to a local Catholic church, where a local priest concealed him. He was later able to make his way back to American lines. [Details from SFC Harry Ettmueller, personal communication with Bob Morecook, 2006.]
