Chief's Summary

In 2018 we responded to 128 calls for service, 73 or 57% of these calls were mutual aid, of which 51 of these calls were mutual aid to Shubenacadie. These numbers show how much we rely on our neighbors to perform our jobs safely.

The average number of men per call was 5.8, the same as last year. Five men per call is an ideal minimum. We had 60 calls weekday between the hours of 6:00 and 18:00, the average number of members drops to 4.7 for these calls. We received five calls where only one member responded, and three calls where no one from our department responded, all of these were daytime calls. Without mutual aid assistance we would not be able to safely operate at some of these daytime calls.

The members of the Milford & District Volunteer Fire Department have invested a total of 3481 hours into making their community a safer place, this includes 955 hours responding to calls, 418 hours attending meetings, and 1855 hours training.

A handwritten signature in black ink, appearing to read "Brad Munro", with a long horizontal stroke extending to the right.

Chief Brad Munro
