 TREATED PINE DECK	 DEXTER AXLE DEXTER EZ-LUBE AXLES	 BULLDOG COUPLER	 POWDER COAT	235/80/R16 RADIAL TIRES	 BARGMAN 7-WAY RV PLUG
102" WIDE DECK	 DIAMOND PLATE LOW-PRO FENDERS	12" I-BEAM FRAME	15,680 BASE GVWR	3" CHANNEL CROSSMEMBERS	16" CROSSMEMBER CENTERS
 LED LIFETIME LED LIGHTS	33.5" DECK HEIGHT	 3M REFLECTIVE TAPE			

Ultra Low 33.5" Deck Height
 The ultra low 33.5" deck height makes loading equipment easier. It also drops the center of gravity for better towing.

Pierced Beam Cross-Members
 We plasma cut our I-beam frame allowing the 3" channel cross-members to be lowered.

68" Ultra Wide Main Frame
 The wider 68" I-beam frame makes for improved stability and cornering under load.
