Presidents Thought's

June 2, 2021

Greetings members:

Again, I hope all is well. I want to welcome all the new members who have joined the club these past months during these tough times. The end is in sight. This past weather season has not been to friendly. I left Chicago to get away from the wind. Picked the wrong spot. Hopefully next season will be like years in past. I wanted to thank everyone who have attended the past outings and monthly meeting for their support. The club will only survive with membership participation. If any of you plan on venturing out into the desert over the summer be sure and take plenty of water and snake guards. Two members have already been bit by Mohave's. I hope I will see all of you at the meetings and look forward to seeing you at the outings which will pick up in September. Have a great summer.
