POST SHOW 2022

Air Supremacy was an unqualified success! In attendance were pilots from 15 states, including California, Virginia, and South Carolina. In our 10th anniversary year we are truly a national event.

## PIREPS 2022

### Brian O'meara - Bloomfield, CO

Warbirds and Classics Over Goshen Indiana. Perfect 80 degree weather, 2000 ft long runway, 100+ Pilots registered, **NO lines to fly**. I brought my Mebo A10, Tomahawk F-86, 1/3 scale P-40, Skymaster F4 XL and 1/3 scale P-47. **This has become a "must attend" event for us.**

### Dave Vachon - Fort Wayne, IN

Had a blast flying at Air Supremacy Over Goshen #ASOG this weekend. RJ Monroe and Charles Frank Hamilton did a **phenomenal job of putting on a first class Warbird event!** Can't wait until next year!!

### Peter George - Brentwood, MO

What a huge fun event! Over 120 pilots and 200 models!! **So glad I came.....I'll bring more than one model next year.**

### Steve Gawlik - Downers Grove, IL

Please thank everyone who worked the show for a fantastic job once again. Even though I could only be there Saturday I had a great time. **You keep setting the standard for all of the other Fly-Ins to work towards.**

### Doug Yaroch - Fall River, WI

Just wanted to follow up with you. The event was a great time. **Flight line and all aspects were expertly handled.** Congrats to RJ and Chuck on pulling off another great event.

### Joe Pedone - South Elgin, IL

Had a great time flying RC aircraft at Air Supremacy Over Goshen this past weekend. Over 100 pilots and probably twice that number of planes. **The ASOG team did an awesome job managing this event in its 10th anniversary year.**
