

LEY LINES OF THE COMING NUCLEAR WAR

CONVERGING GOG-MAGOG OUTER RING ALLIANCE WITH PERSIA AND THE COMING KINGS OF THE FAR EAST

The purpose of this chart is to demonstrate the phi ratio theory as it pertains to a geo-political association of what this study suggests correspond to the ley lines of the coming nuclear war front. The current nuclear front line involves primarily the USA, RUSSIA, SYRIA, IRAN, N. KOREA, UKRAINE and ISRAEL. It appears that there is converging stage for an unavoidable nuclear confrontation. This initial nuclear strike will lead to the Biblical outer ring of Muslim nations that will be led by Russia and Iran called the Gog-Magog Invasion of Israel. The Luciferians are behind the current thrust to destabilize the present World Order and induce chaos. Their efforts are being ramped up with Syria as the possible flashpoint. The Bible does foretell of at least 3 major world wars to come in this last generation. There is the speculated Psalm 83 war that many believe has not occurred yet. This is the inner ring of Muslim nations that will simultaneously attack Israel. With the emphases on the rise of ISIS and Muslim extremist by the admitted Pentagon papers, their inception has been to prop it up to be used for such an attack that will Israel will be forced to use the Sampson Option as annihilation of the nation is at stake. In part, it has been the 322 Skull and Bones infiltrators of the State Department and U.S. government that even the Pentagon admits they have trained and armed ISIS for the purpose of supposed 'regime change'. When does the supposed 'democratic' inspiring America seek to 'regime change' a democratic elected republic as Syria? This is the same game plan that has been used for every other nation the Luciferians Central Bankers of New York and London have stolen, killed and destroyed along with millions of innocent lives.

This domino affect toppled nations and long standing leaders such as Kaddafi because he wanted to dump the Petro-Dollar and use a gold based monetary economy that also aimed at building up the whole of Africa. In 1971 Nixon took the USA off the gold standard and the Yom Kippur War support of the USA for Israel later on let to the Arab oil embargo. The point is that 1971 was the beginning of the Petro-Dollar world economy based on Federal Reserve fiat money printing; perhaps 2015 is its end pending some sort of nuclear confrontation that could be mathematically derived.

1971 – 2015 (5776) = 44 years as in Obama the 44th U.S. President and last?

A gold standard is unacceptable to the Luciferians Money Changers as they control the nations through their economies by way of 'Federal Reserves' and Central Banks. Being also Satanic, in the Middle East they raised up a radicalized Islam front to slaughter the Christian witness on one hand and destroy Syria in the nations that stood in the way, such as Syria with Assad. Such a Talmudic cabal are achieving this in the Middle East through direct arms transfers and slaughter. In the west, they are doing it through the reinterpretation by the Supreme Court of established moral laws. This has now curtailed Christianity and its witness potential as the aim is to legally silence it.

A Post WW 3 Thermonuclear War

Another prophetic clue as to when this Gog-Magog invasion will occur has to do with the 7 year time-span that the machinery is to be burned for fuel in Israel. This duration of time does echo the possible time-span of the 7 year Tribulation period that many who believe in the pre-Tribulation Rapture subscribe to. What is interesting is that this invasion will be nuclear. The description in Zechariah 12 and Ezekiel accurately depict what occurs during a thermonuclear detonation. The following are an accurate depiction as such an event.

1. Eye sockets melt in the skull.
2. Tongues melt in the roof of the mouth.
3. A rain of fiery hailstorms.
4. Burning sulfur envelopes the land.

Economic Disorder

Another observation about the main nations that comprise this nuclear war front is that they are being used to implode the world economy. Currently the New York and London Money Changers are manipulating their Stock Markets and the price of gold, silver and oil to implode Russia. This is in retribution for having Putin expel all the Money Changers from Russia and taking over the oil and gas industries. The other reasons why they have also instructed the Nobel Peace winner Obama to fund and arm ISIS is that Assad is pro-Russia and critical of Israel's heavy hand in dealing with Gaza. Obama was instructed to put economic 'sanctions' on Russia and fund anti-Putin political opposition movements as they successfully did in the Ukraine.

The world Central Banks seek to bankrupt Russia as they did at the end of the Cold War because presently Russia is hampering the Luciferian agenda to bring about their last World Order. Like in Greece, if the nation defaults, then all of the national assets are seized and infrastructure and treasures are bought up for pennies on the dollar. This is the scheme of the Luciferian Money Changers as their Master gives them power to further his agenda to finally usher in his New World Order through murder, thievery and destruction of millions of lives.

What the ley-lines also demonstrate is that Jerusalem or Israel and Mecca in Arabia are in the cross-hairs of the phi ratio pattern as well. The phi ratio illustration is slightly slanted at an approximate 8 degree angle to account for the spherical definition of the Earth's curvature. As it is coming into focus, the possible flashpoint of this first stage of the nuclear frontline will be Syria and subsequent inner ring of Muslim nations that will attack Israel according to the Bible in Psalm 83. The initial nuclear strike war like World War 1 will only be a staging platform for the 2nd wave that is made up of the outer ring of Muslim nations.

Even the very notion of their nation's ensigns of the Ukraine, Iran and North Korea suggest such a devilish conscription. The Ukraine has a 3-prong monogram that alludes to the 3-prong pitch fork of Neptune, of Shiva which is ISIS, the god of the underworld, of the waters where the Beast is to come from the Sea. Iran has another monogram in Arabic that is suggestive of the depiction of Baphomet. Then North Korea as the Pentagon in the center of their flag offset. With such a Satanic goal in mind, the world markets are about to be plunged into disarray to foment their new world cash-less society that will lead to the Mark of the Beast.

When the spiral phi ratio template is superimposed on the nations that make up the nuclear frontline, mainly the Ukraine, Iran and North Korea, the ley-lines come to life as the corners of the spiral are squared for emphases. If one pegs one corner to Ukraine and the Equator, then the corresponding corner and end of the spiral terminates in North Korea with the fulcrum or central spiral directly in line with Iran. These would be the same 3 major nations that have had issues over nuclear weapons. Also what many have pointed out that these nations have 1 common trait, no Central Bank. These nations are not subject to the economic enslavement of Central Bank derivatives of perpetual debt signed on by the puppet installed rulers. The usury is placed upon the burden of taxpayers that pass on the debt and interest to the world banks
