POSITION DESCRIPTION
CITY OF PAINESVILLE
An Equal Opportunity Employer

Position Title: Water Treatment Plant Supervisor	3226
Department:	Date: 4/13/2007

Pay Class: 19	Exempt / Non-exempt: Exempt
	Exempt Category: Administrative

General Purpose for Job: This is responsible supervisory and administrative work in the operation of the municipal water treatment plant.

Work involves responsibility for planning, organizing, and directing the operation and maintenance of the City's water treatment plant. Supervision is exercised over plant operators, maintenance, and laboratory personnel assigned to the plant. Work is performed with considerable independence within the framework of policies and governing laws, ordinances, and regulations. Work is reviewed and evaluated by the Water Department Superintendent through conferences, analysis of operating records and reports and overall performance.

DUTIES *(The duties listed below are illustrative of the work performed by this classification. All duties are essential functions of the job unless otherwise noted with an asterisk.)*

- Plans, assigns, schedules, and supervises the work of assigned operating, maintenance, and laboratory personnel; assists in the preparation of operating budget requests and controls expenditure of allocated funds.
- Inspects and reviews operating logs and records and determines what changes may be necessary in operating routines for various shifts; supervises the maintenance and compilation of required records and reports.
- Conducts inspections of equipment and facilities; takes appropriate action to ensure maximum operational efficiency of equipment; ensures that treatment standards are enforced.
- Requisitions materials and supplies for plant operations as required.
- Confers with engineers, operating personnel, and others regarding the efficiency of plant and equipment operations and processes.
- Supervises and directs the collection of samples for testing.
- Ensures compliance with the regulations of the Ohio Environmental Protection Agency.
- Attends bid openings, pre-construction meetings, and labor-management meetings.
- May perform the duties of the superintendent on a relief basis.
- Performs related work as required.

MINIMUM EDUCATION AND EXPERIENCE <i>(Required to qualify for position)</i>

Education: Graduation from high school supplemented by extensive courses in water treatment or related field.

Experience: Thorough experience in water treatment, including experience in a supervisory capacity.

A different combination of education and experience may be acceptable if deemed equivalent.

KNOWLEDGE, SKILLS AND ABILITIES *(Required for satisfactory performance. Those which may be acquired after hire are noted with an asterisk.)*

Knowledge of:

- The principles, practices, and methods related to the treatment of water.
- The functions and servicing requirements of mechanical equipment and machinery common to water treatment facilities.
- Laboratory techniques and standard quality and process control tests.
- The hazards and safety precautions of the work.

Skill and Ability to:

- Plan, assign, and supervise the operation and maintenance of a water purification plant facility.
- Understand and follow oral and written instructions.
- Read blueprints and plans.
- Deal with the public tactfully and courteously.
- Maintain records and prepare reports.
- Establish and maintain effective working relationships with others.

License or Certification Required: Valid Ohio driver's license.

Valid Class III Operator Water Supply certificate as issued by the State of Ohio Environmental Protection Agency.

Must obtain a Class IV Operator Water Supply certificate as issued by the State of Ohio Environmental Protection Agency within four years of appointment.
