Family Pride Makes A Difference

Our Mission
To engage children and families with our innovative and professional clinical services in the home and community.

HELPING EVERYDAY PEOPLE -EVERYDAY

WHO WE SERVE
Children, youth, and adults living in Geauga, Lake, Ashtabula and portions of Cuyahoga Counties whose daily struggles negatively impact their family.

SERVICES WE PROVIDE
- Assessment
- Counseling—individual, couples, and group
- Case Management

Our Vision
To be the mental health provider and employer of choice in Northeast Ohio.

AGENCY PROGRAM GOALS FOR FY 2016
- Increase group, individual, and consultative services in school districts throughout Geauga, Lake, and Ashtabula Counties
- Provide on-going evidence-based parent education programs
- Obtain AOD certification

Core Values
- Passion for serving others
- Respect for individuals and families
- Integrity in the community
- Dedication to the agency mission
- Empowerment of employees & clients

Great Programming, Great Support

Success in our Schools

In Ohio, the average student spends over 6.5 hours of their day in school. They are exposed to challenges, opportunities, and a variety of stressors that can lead to low performance without the appropriate coping skills and support.

Over the past year, Family Pride has provided services in Geauga, Lake and Ashtabula counties to reduce the mental health barriers to education that are impacting children daily.

With the support of the Cleveland Foundation and Margaret Clark Morgan Foundation, Family Pride has begun a pilot program for mental health support in the schools including groups and family support services. This program, offered in Lake and Geauga Counties, has been developed to build coping skills of at-risk children and youth and reduce negative mental health stressors throughout the county.

Family Pride team members work directly with school administrators and parents throughout the year to identify and support youth in Kindergarten through 12th grade.

HOW YOU CAN HELP

Please consider making a tax deductible donation to continue to build excellent programming and support for the community.

Holiday Programs

ADOPT A FAMILY

Every year, Family Pride hosts an “Adopt a Family” Program for families who are unable to make ends meet and have very little hope for a warm and happy holiday. Each year that number has grown along with the support of the community and friends of Family Pride.

Last year, Family Pride staff and board members supported five families, which encompassed 22 parents and children who would have otherwise had nothing for the holidays.

It is a heart-warming program that makes a difference to all the families involved. Contact the Family Pride office to get involved this holiday season!

Fun in the Sun

During the “Dog Days” of summer, children and their families can experience additional stress due to the lack of structure. An unstructured schedule can increase anxious or depressive symptoms in children and youth and lead to negative behaviors like isolation, poor peer involvement, and experimenting with substances.

Family Pride organizes a sports league to give our clients an opportunity to build healthy coping skills with other youth. Youth came together once a week throughout the month of July and work on team building, conflict resolution, and positive communication skills while playing one of America’s favorite past times—kickball.

Helping Families in Need

In addition to mental health services, Family Pride offers financial assistance to team members when working with clients through the agency’s IASSIST Fund - a program funded by donations that enhances the safety, security, daily functioning, and coping skills of clients and their families.
