Help protect those who matter most.

Includes 6 Door & Window Sensors[†]

Most security companies offer you just 3 door/window sensors. But we know your house needs more protection. That's why for the same \$99 installation fee, we give you a state-of-the-art wireless security system that helps protect a total of 6 doors and windows in your home. To get a comparable security system from other companies, you would have to pay an additional \$200 to \$300 for them.

Plus Get 2 Keychain Remotes[†]

You'll also get 2 keychain remotes (\$258 value) so you and a second family member can easily operate the security system from anywhere on your property (up to 100 feet away) and, in case of an emergency, sound the siren immediately and dispatch the police. Just with the press of a single button.
