

# LODAAT PRESENTS GLOBAL SCIENCE KNOWLEDGE SERIES

May 9-11 2017 | Geneva, Switzerland

Awarded Best Exporter  
State Of Illinois, USA

The LODAAT Science team is presenting a series on the latest cutting-edge Innovations, formulations and trends in the Pharma/Nutraceutical industry. LODAAT's 8 month Series is an in-depth analysis of the latest molecules for a wide variety of Therapeutic categories. The research caps 4 years of published and proprietary clinical trials from leading research academic institutions and ground-breaking research from world renowned Thought Leaders.

The first Part of the Series will be a Three-Part Presentation hosted at Palexpo, VITAFOODS-Geneva May 9-11, 2017.
